## Fire Sweeps Through Northern Ontario Town Buildings Torn Down To Save Town From Ruin

Gogama, Ontario, Eighty-seven Miles Northwest of Sudbury, Loses Ten Structures, Including Stores, Hotel and Homes, in Fire Caused by Overheated Stove; Residents Shovel Snow on Flames; Shift of Wind Saves Part of Town.

Gogama, Ont., Feb. 5.—In a great-sweep from building to building, fire early this morning destroyed ten stores and residences along the main street of Gogama, northern Ontario town. The loss is estimated at \$100,000.

Starting in the hotel from an overheated stove, the flames quickly spread to adjacent stores and residences, forcing many families into the streets in a sub-zero temperature. All escaped from the hotel and homes safely, and not even a minor casualty was reported.

**BUILDINGS PULLED DOWN**  
In an effort to stem the advancing flames, horses were hitched to walls of buildings and the structures were forcibly pulled apart to create a fire gap. Without fire-fighting equipment, citizens shovelled snow into the flames while a call for assistance was broadcast to nearby towns. Members of the Ontario forestry department aided citizens, while a special train equipped with water tanks was rushed from Foley, 100 miles to the east.

**SNOW FALLS**  
As the flames threatened the entire town with destruction, the wind shifted and a light snowfall began and the fire was soon smothered.

Gogama is 362 miles northwest of Toronto on the Canadian National Railway. It is eighty-seven miles, as the crow flies, northwest of Sudbury.

## Dictation of Brewers Must Cease in B.C.

Vancouver Conservative Paper Criticizes Government on Lack of Action

System, Branded Monopoly, Unchanged After Two Years; Tolmie Issues Reply

The policy of the Liquor Control Board in respect to the purchasing of beer is being worked out with one object in view, the providing of the best possible commodity to the public under the best possible conditions of manufacture and sale, Premier Tolmie announced yesterday in answer to criticism of purchasing methods and failure of the government to change a system which Conservatives vigorously criticized before they took office.

"In such a policy," Premier Tolmie says, "there will be interests and individuals who do not agree. The idea, however, is to evolve the very best policy possible for British Columbia as a whole."

**ANSWERS EDITORIAL**  
"Among those who try to influence the government to adopt one or another method must be included The Daily Province, which editorially announces a policy and says, in effect, that if the government does not adopt its particular scheme of dealing with the question then it signifies that the government is 'tied hand and foot by the power and money of the beer barons, who are to-day in undisputed control of the situation.'"

"I must, in most unqualified terms, express my personal resentment at the suggestion contained in this Province editorial that the beer, or any other interests, control me or the government over which I have the honor to preside."

## MAN WITHOUT COUNTRY IS CARRIED FAR BY SHIP

Panama City, Feb. 5.—Another "man without a country," counterpart of Edward Everett Hale's famous character, is giving authorities in this part of the world a knotty problem. To date, he has been denied admittance to eight countries, and it begins to look as though he might spend the rest of his days as an outcast on shipboard.

He is Austin P. Mari. Last October his activities made him no longer welcome in Nicaragua, and the authorities

## TROOPS NOW IN CONTROL IN QUAKE ZONE

Only Those With Passes Allowed in Ruined Business Section of Hastings, N.Z.

Residents of Wrecked City of Napier Tell of Incidents During Temblors

Hastings, N.Z., Feb. 5.—Another sharp earthquake sock rocked the ruins of this town at 10 o'clock to night, throwing the already frightened populace into further panic.

Martial law has been declared, and no one is permitted to enter the business district without a permit, for fear that what is left of the buildings may collapse at any minute.

Armed sentries were posted at various points throughout the town to-night.

**REFUGEES IN CAMPS**  
Napier, New Zealand, Feb. 5.—Alarmed by new earth tremors which toppled standing buildings about the heads of rescue squads, authorities today speeded up complete evacuation of this once beautiful New Zealand seaport.

An urgent appeal was sent to railroad officials at Wellington, 150 miles southwest of here, to provide rolling stock necessary to take refugees from this city and the surrounding country to camps, where they can be cared for until sanitary conditions can be restored here and dangerous buildings leveled.

**DEATH LIST MOUNTS**  
With every hour the death toll has mounted. At least 150 miles of the coast has been struck by the waves of the sea.

Officials said the number of dead in Napier, Hastings and surrounding villages struck by Tuesday's quakes would be found to be considerable above 1,000. Thousands are suffering with injuries and practically everyone is homeless.

## JAPAN WOMEN TO HAVE VOTES

Tokio, Feb. 5.—The government today introduced a bill in the Japanese Diet which would grant women equal rights with men in elections for city, town, village and autonomous assemblies. The projected grant is intended as a step preliminary to the granting of national suffrage.

The effect of the bill would be to add 13,000,000 voters to the national registers.

## TAIL WINDS AID U.S. DIRIGIBLE ON CUBA FLIGHT

U.S. Dirigible Los Angeles, en route from Lakehurst to Guantanamo, Feb. 5.—Favorable tail winds shoved the Los Angeles along at dawn today toward Guantanamo, Cuba, at the rate of sixty-five knots, although the dirigible's engines were kept at a low throttle. The course was shifted slightly eastward before daybreak to avoid a low-pressure storm area moving slowly from Florida to Bermuda.

## ROUND-TABLE CONFERENCE SCENE SHIFTS TO INDIA

In the next few days Mahatma Gandhi, Indian Nationalist leader, is to confer with Sir Tej Bahadur Sapru and M. R. Jayaker, India delegates, on their return from London. The picture above gives a glimpse of the last session of the Round-Table Conference in London, attended by Sir Tej and Jayaker and all the other delegates. It was taken when Premier MacDonald was delivering the closing speech.

## Independents Outline Fruit Market Plans

Kelowna, B.C., Feb. 5.—A cash payment on delivery of fruit to the packing house door is the feature of the plan of marketing announced this morning at the meeting of the Independent Growers' Association here. Hitherto the plan has been for growers to deliver their fruits to the packing house to pack, ship and sell and after payment has been made to the shipper he pays the grower.

General Harman explained the growers' marketing plan, then R. W. MacDonald, Armstrong, declared the shipping to be a certain sum would be made according to the value of the fruits. On apples it would be half a cent a pound. On the more valuable fruits it will be greater.

Previous to the announcement and elaboration of the plan, Leo Hayes, manager of the Occidental Fruit Co. Ltd. and himself a grower operating 100 acres of orchard and vineyard, made a slashing attack on the operations of the committee of direction.

**OPPOSES CENTRALIZATION**  
The preamble of the growers' marketing plan sets out that the independent, both growers and shippers, are absolutely opposed to centralization by statutory enactment and that their main objective is to defeat the possibility of central selling being imposed by legislative enactment. They set out that if a central selling scheme authorized by Act of Parliament is seriously considered at all, then it must be on the basis of a direct government monopoly or of provincial socialism. The passing of such an enactment is said, saying he is in the nature of an expropriation measure taking from all growers their right of ownership in the products of their farms and conferring the right of administration upon a committee.

## Miller-Court Building Has Changed Hands

P. J. Fisher of London and Col. deMossin Acquire Government St. Property

The two-story Miller-Court Building at Government and View Streets and extending back with street frontage over a full block on to Langley Street, was today bought by P. J. Fisher, director of A. T. Becks and Co. of Birmingham, Limited, and Hopper and Batty Limited, London, England, in association with Colonel Borge de Mossin, of this city.

The building, which is in the heart of Victoria's financial district, is opposite the new offices and buildings of the Royal Trust Company and of the Bank of Montreal. It was constructed two years ago by the Vancouver financial firm of A. T. Becks and Co. Ltd. The building is 100 per cent rented, the lower floor being occupied by Logan and Bryan on a five-year lease. Six legal and commercial firms occupy the second floor.

The building was erected on the site of the historic Fort Victoria bastion of early coast days.

S. W. Miller, head of Miller, Court & Co., signed the sale order to the Victoria buyers.

Colonel de Mossin said that the building had been bought by Mr. Fisher and himself as the nucleus of the Vancouver Island Community Investments Limited. Other paying properties are being acquired to produce an investment yield.

To-day's deal is the largest in Victoria downtown real estate this winter, it was explained.

## INQUIRY ON LA MAR CASE TO BE OPEN

Police Commission Meets at 3 o'Clock To-morrow to Investigate Charge

No New Evidence to Be Given But Former Testimony to Be Perused

Reinvestigation of what is known as the La Mar case in its relation to a member of the Victoria detective force will be opened by the Police Commission to-morrow afternoon in the police courtroom at 3 o'clock. The meeting will be open to the public.

The La Mar case, which was a subject of much talk by certain forces in the last municipal election campaign, is a little over four years old and arises out of a stabbing affray which was followed by a manslaughter trial. Following this trial, the police commission investigated charges against a member of the force in connection with removal of belongings from the body of Fred La Mar. As a result of the recent election, the commission will reopen the case and hold another investigation to-morrow.

It is understood no direct testimony will be taken to-morrow, the hearing consisting merely of a perusal of the evidence given at the former inquiry.

## Commodore Samson Dies in England

Salisbury, Eng., Feb. 5.—Air Commodore Charles Rodney Samson, known to all England as "Dare-devil Samson," died suddenly here to-day.

He was a picturesque figure with a short pointed beard and his cap always set at a rakish angle. He entered the navy in 1898, and was the first man to fly from the deck of a moving battleship. During the war his exploits in the Royal Naval Air Service made him nationally famous and won him decorations from both Britain and France.

## MACDONALD PLANS TO TAKE BRIEF REST

British Premier Tired After Heavy Tasks, But Has Suffered No General Breakdown

London, Feb. 5.—Disturbing reports that Premier Ramsay MacDonald had suffered a breakdown in health and would take an immediate vacation to recuperate were discounted at No. 10 Downing Street to-day.

The Premier, despite an all-night session of the House of Commons, was at his desk this forenoon. His presence was not required during all of last night's debate, which kept the Commons members on their benches for seventeen hours, and it did not greatly interrupt his schedule.

Authoritative statements were made that he was in no danger of a breakdown in health, and that his physicians had not advised a few days of complete rest, as was reported generally here yesterday evening.

**HEAVY BURDEN**  
Mr. MacDonald has just wound up one of the most arduous series of tasks ever shouldered by a British government leader, including chairmanship of the Naval Conference and the India Round-Table Conference, participation in some of the reparations negotiations, handling of British labor disputes and leadership in the Imperial Conference.

He has been planning to take a brief rest in his native village, Lismore, Scotland, at the earliest moment, and would have travelled by plane to Scotland a few days ago had better weather conditions prevailed.

The strain he was under for months has been a severe tax on his strength. He shows fatigue, but he has a reputation for marvellous recuperative powers, and on similar occasions in the past has been a new man after two days' rest.

## British Driver Pilots Car At Daytona Beach 245.73 Miles An Hour

PROMISED CONSTABLE LONG TRIP

Madame Sammi, Broadcaster and Reader, Pays \$100 Fine For Giving Advice

Told Policewoman of Impending Marriage; Had Vancouver Trades License

Madame Sammi, radio broadcasting clairvoyant, gave expensive advice to Constable Henry Jones last Thursday. She was fined \$100 in the City Police Court this morning for "undertaking to tell fortunes."

Holding a trades license under the name of Yvonne Trail, issued in Vancouver for palmistry and costing \$100, Madame Sammi, through counsel R. C. Lowe, pleaded not guilty to the charge, but was convicted on the evidence of Constable Jones and Policewoman Margaret Walker. No defence was entered.

Constable Jones was promised a long trip in September of this year to regain his health. He told the court, in testifying to an interview he had with the accused at 1510 Fort Street. He was also informed his financial affairs would remain unaltered in the future and that his son would receive two applications for positions, one of which would bring him success. For this information he paid \$1.

**TO MEET STRANGE MAN**  
Matrimonial entanglements were set forth for Miss Walker, who paid \$2 to learn she was faced with a lot of worry and unhappiness which would clear away when she met a strange man in September. Next year, she was told, she would marry this man, but meanwhile there was a suspicious and flattering woman who was watching her and a honey-moored woman who was dangerous. Of this pair she must be careful, she learned. There was also a man trying to borrow money from her but if she was wise she would not lend it.

Attired in a black, fur-trimmed coat with a close-fitting purple hat carrying a crescent jewel, Madame Sammi carefully followed the evidence with ex-

## LEUTENANTS OF GANDHI ARE PUT IN JAIL

Five Congress Leaders Arrested While Manufacturing Salt in Bombay

Bombay, India, Feb. 5.—Police acted promptly when the working committee of the All-India National Congress attempted to carry out its threat to renew the illicit salt-making campaign in a public square here to-day. Five members of the committee were arrested. The Nationalists then formed a new "war council"—their twenty-third.

The Nationalists are attempting to intensify their civil disobedience campaign in various ways here, and have increased their picketing of the foreign cloth shops. A number of minor clashes between pickets and police have resulted.

## TINY ISLAND IN PACIFIC ADDED TO THE TERRITORY OF FRANCE

Paris, Feb. 5.—"Now that we have it, what shall we do with it?" average Frenchmen and many newspapers are asking in commenting on the award of tiny Clipperton Rock, Pacific Ocean island off the Mexican coast, to France by the King of Italy as arbitrator.

It is pointed out the island is a mere dot on the map, valued principally for the guano found there.

One visitor to the island to-day said those who dreamed of a military or air base there were "motivated with a super imagination."

The ownership controversy with Mexico started in 1908 when the cap-

## COMMISSION FOR VANCOUVER IS ADVOCATED

Canadian Press

Vancouver, Feb. 5.—Centralization and simplification of Vancouver's city government through establishment of a commission consisting of the mayor and a commissioner appointed by the council, was explained by Mayor Louis D. Taylor today in the course of an address to the Vancouver Kiwanis Club.

Indicating the scheme he outlined was one he would place before the council, Mayor Taylor sketched the salient points. In a system which eventually would reduce the number of administrative committees from the present twelve to three.

The proposed limiting duties of the city controller to purely financial affairs and, by taking away from that official administrative and operative duties, possible elimination of the position of assistant controller.

The commission, explained Mayor Taylor, would administer the affairs of the city on a policy approved by the council. All departments of municipal service, except the legal and engineering, would report directly to the commissioners. The departments expected would continue to report to the council.

While the system suggested would not disrupt any of the administrative committees at present, continued the mayor, it would greatly reduce the amount of work they have to do, and eventually would lead to abolition of all except three—the board of works, finance and general committee.

By reporting to the commissioners, heads of departments would be relieved of attendance at many committee meetings and would have more time available for their operative function. The commission would handle all delegations, another relief to committees.

## ANNOUNCEMENTS

E. Hallor, chiropractor, electro-therapist, 620 View Street; evenings 7 to 9.

Coming, "The Pigeon," Shrine Auditorium, Feb. 13 and 14. Tickets 80c.

## BANK HEADS SAY FARMERS' LOANS EASY

Sir John Aird and O. E. Phipps Reply to Weir's Statement on Prairie Conditions

Phipps Says Banks in the Past Have Been Over-indulgent

Canadian Press

Toronto, Feb. 5.—Statements made by Hon. Robert Weir, Federal Minister of Agriculture, regarding Canadian banks and the financial situation on the prairies at the banquet tendered to livestock breeders and exhibitors by the Canadian National Exhibition here yesterday evening were replied to today by Sir John Aird, president of the Canadian Bank of Commerce, and A. E. Phipps, general manager of the Imperial Bank of Canada.

"The banks always have been very generous with the farmers of the west, and they have not changed their policy," said Sir John in commenting on Mr. Weir's demand that the banks make their stand clear as to whether or not they would give credit next spring.

Two cases

Instances cited by the Federal Minister of Agriculture at the banquet, in which a farmer and a rancher, both men of standing and large property holdings, had been refused relatively small loans, were referred to by Sir John. Other considerations must have entered in, he said, "if the facts are as Mr. Weir says, the farmers must have appealed to superintendents of the bank at Winnipeg, Calgary or Vancouver," said Sir John. "They had a right to do that. Or Mr. Weir might have written a letter to the head office of the bank setting forth the circumstances, and I think everything would have been straightened out satisfactorily."

The president of the Bank of Commerce said the banks at present had been very liberal in their dealings with the farmers, but he was not sure that the formation of a company to aid the prairie farmers, capitalized at \$45,000,000, and which it was proposed to have backed up by the government, the railways and the banks.

Mr. Phipps declared that instead of a shortage of credit to prairie farmers, the banks had been over-indulgent.

## LIUENTANTS OF GANDHI ARE PUT IN JAIL

(Continued From Page 1)

## FIVE ARRESTED

Police yesterday raided the offices of the weekly paper Young India, for alleged seditious and subversive activities. The police also seized the typewriter on which the paper had been printed since the printing press was confiscated, as well as taking copies of an issue containing messages from Gandhi congratulating the staff on maintaining publication by this means.

Gandhi awaits conferences. Lucknow, United Provinces, India, Feb. 5.—Mahatma Gandhi today confirmed the belief that he was open to conviction by delegates returning from the India Round Table Conference, on the subject of the independence of India.

Sir Tej Bahadur Sapru and M. R. Jayaker, who played outstanding roles at the London conference, are to confer with Gandhi and other prominent Nationalists on their return shortly.

Gandhi said he was prepared to advise the working committee of the All-India National Congress to call for a civil disobedience campaign if the returning delegates should persuade him Premier Ramsay MacDonald's offer of a settlement between the government and the independent faction.

Gandhi, however, stuck to his old demands that release of all political prisoners and appointment of an impartial body to investigate cases of alleged police persecution should precede attempts at a settlement between the government and the independent faction.

## OTTAWA SILENT ON CREDIT FOR LUMBER BUYING

No Statement Yet on Proposed Canadian Shipments to New Zealand Quake Zone

Canadian Press

Ottawa, Feb. 5.—Members of the federal government are unwilling to make direct comment on a resolution of the Canadian Lumbermen's Association that credits should be extended to New Zealand to enable purchase of Canadian lumber for reconstruction purposes. The resolution was passed at a meeting of lumbermen in Toronto yesterday.

The general feeling in official circles, however, is that the government would not hesitate to provide such credits if they were asked for by the New Zealand government. In his cable of sympathy sent yesterday to New Zealand, Premier R. B. Bennett asked to be informed "if there is any possible way in which assistance could be rendered."

Following last Tuesday's big earthquake, the government was asked to provide such credits if they were asked for by the New Zealand government.

Imports into Canada of lumber from northeastern Europe, sought to be banned in another resolution of the Lumbermen's Association, is a matter that is understood to be receiving study by the government. Whatever decision is reached, the announcement of the government's policy will probably not be made before the budget is brought down at the forthcoming session of Parliament.

Settlers sent back to Europe. Buenos Aires, Feb. 5.—The first group of 1,000 unemployed immigrants, being repatriated without cost by the Argentine Government, was at sea today, having sailed from here for Europe yesterday aboard the steamer Butetia.

The government opened a special repatriation office here. It is reported that the second group will leave here in a few days.

## Ruth Garrison Of Seattle Freed From Prison

Seattle, Feb. 5.—Ruth Garrison today was a free woman. It took a jury of four women and eight men one hour and thirty-five minutes yesterday afternoon to reach the threefold verdict that she is now sane, that there is no danger of a recurrence of insanity, and that she is a safe person to be at large.

In less than an hour she walked out of the courtroom, after having been in the first time since her arrest for the murder of her sweetheart's wife, Mrs. Douglas Storrs, March 18, 1919. She was committed to the state penitentiary as criminally insane in May of that year.

Man in Custody After Clash Near Famous Fountain Gives M. Schirro as Name

Canadian Press

Rome, Feb. 5.—Firm rumors of disturbances involving the home of Premier Mussolini, Villa Torlonia, were officially and emphatically denied today, and their source apparently revealed as in a fight Tuesday morning between two men and policemen near the Trevi Fountain.

It was reported a man had been arrested near the fountain after a revolver battle with police, in which one policeman was wounded. The man was carrying a bomb. Another with him escaped.

The name of the arrested man was understood to be Michele Schirro. The incident was said to be a result of the arrest had been made outside the Duce's home.

## BENNETT SAYS HE IS AWAITING RAIL RULING

Premier Tells Women's Delegation at Ottawa Quebec Making Court Test

Canadian Press

Ottawa, Feb. 5.—Consideration was promised by Premier R. B. Bennett today to certain representations made by a delegation of women, in connection with the question of radio control.

The question of radio control was being brought before the courts of Quebec province, Mr. Bennett reminded the delegation, and he was not quite free to discuss the matter very fully. With a certain powerful broadcasting station, for instance, located on the other side of the boundary, the Prime Minister explained a number of other proposals came under provincial jurisdiction.

The delegation had urged the establishment of a Canadian broadcasting company by the dominion.

FOR PAINTINGS. A building should be erected for the housing of certain Canadian paintings, the Prime Minister said. "This will have to be done," Mr. Bennett went on, "but just when I cannot say at present. It remains in power long enough it will be done."

On a suggestion for federal legislative action for health examination before marriage, Premier Bennett explained that the question of marriage was not a provincial concern.

PENSION DISCUSSION. Pension for blind persons was a matter for the provinces, Mr. Bennett said. "With respect to 'long service' pensions, the Prime Minister stated that the government was not prepared to discuss them during their service in the militia, but the government would look into the question to see if it would not be possible by increasing the contribution of the individual to provide for joint pensions which would protect the dependents of the pensioners."

GANDHI AWAITS CONFERENCES. Lucknow, United Provinces, India, Feb. 5.—Mahatma Gandhi today confirmed the belief that he was open to conviction by delegates returning from the India Round Table Conference, on the subject of the independence of India.

Sir Tej Bahadur Sapru and M. R. Jayaker, who played outstanding roles at the London conference, are to confer with Gandhi and other prominent Nationalists on their return shortly.

Gandhi said he was prepared to advise the working committee of the All-India National Congress to call for a civil disobedience campaign if the returning delegates should persuade him Premier Ramsay MacDonald's offer of a settlement between the government and the independent faction.

Gandhi, however, stuck to his old demands that release of all political prisoners and appointment of an impartial body to investigate cases of alleged police persecution should precede attempts at a settlement between the government and the independent faction.

Rome, Feb. 5.—Firm rumors of disturbances involving the home of Premier Mussolini, Villa Torlonia, were officially and emphatically denied today, and their source apparently revealed as in a fight Tuesday morning between two men and policemen near the Trevi Fountain.

It was reported a man had been arrested near the fountain after a revolver battle with police, in which one policeman was wounded. The man was carrying a bomb. Another with him escaped.

The name of the arrested man was understood to be Michele Schirro. The incident was said to be a result of the arrest had been made outside the Duce's home.

## Mt. Douglas Park Inquiry Delayed Until To-morrow

The inquiry being conducted at the Courthouse into the administration of Mount Douglas Park by the City of Victoria, was this morning postponed until 10 o'clock to-morrow morning.

Commissioner Oscar Bask, K.C., was absent and in his behalf F. C. Elliott, commission counsel, announced that to-day's session would not be held because Mayor Anson, the principal remaining witness, was detained in Vancouver.

U.S. DROUGHT SOON MAY EASE WHEAT MARKET

Canadian Press

Washington, Feb. 5.—Chairman Legge of the Farm Board to-day declared a shortage of wheat in the United States was "fairly possible" if the drought should continue.

Washington, Feb. 5.—The devastating and unprecedented drought of 1930 still persists in the United States. Reports of the Department of Agriculture characterize the week ended yesterday as one of the driest and warmest on record for this season.

"The lack of moisture in large areas," the department reported, "especially as relates to the subsoil, continues very acute, especially from the Mississippi Valley over the Ohio and Potomac drainage basins."

ONLY LIGHT SHOWERS REPORTED. In Arkansas reports of "no rainfall of consequence" continued. In Oklahoma, an important wheat state, there was no rain and soil moisture was short. Tennessee was dry and Kentucky had light showers in its western portions.

While it was an unusually favorable week for farm work, much of the winter wheat belt was without a protecting cover of snow. Yet, the department held, winter wheat was holding up "remarkably well."

Liquor Warehouse Damaged By Fire

Damage estimated between \$500 and \$700 was done by fire in the B.C. Government Liquor Control Board warehouse at the corner of Fort and Wharf Streets early this morning. Firemen required an hour and a half to subdue the blaze.

The fire was believed to have started in a false pillar in the warehouse office. It attacked the beams and then got to the ceiling above before firemen were on the scene.

TROOPS NOW IN CONTROL IN QUAKE ZONE

(Continued From Page 1)

Desire of the stricken citizenry to make last visits to the ruins which were their homes is complicating evacuation. Many have insisted on returning to their former residences, and searching the ruins for valuables, relics and the like.

The sewage systems were all destroyed, and if any great number of people should remain in the devastated areas much longer pestilence could be expected.

In the main rescue squads have had their work confined to digging bodies of victims out of the debris.

DAY OF MOURNING. Premier Forbes today designated Sunday as a national day of mourning. Churches of all denominations were asked to arrange appropriate services.

Napier, New Zealand, Feb. 5.—Rescue workers, searching for victims of Tuesday's earthquake in the ruins of Napier, yesterday evening found two women alive in a ruined house. They were safely extricated.

They had been imprisoned since Tuesday morning. Other remarkable incidents of the earthquake are coming to light as the people, although still dazed by the shock, begin to emerge to recount some of their experiences.

The latest shock threw the whole front of the Masonic Hotel, laying the interior bare. The crowd in the street saw a woman seated in an armchair near the edge of the third story. As the ceiling above started to sag she made as if to jump, but the crowd crowded her and the woman was in terror until rescued by firemen.

SAT AROUND FIRES. Tuesday night—the big quake occurred Tuesday morning—was one of terror for everyone. Although it was bitterly cold, no one slept indoors. For companionship, people sat in little communities around fires. The earth was shaking continually and a gale sprang up, throwing dust everywhere and spreading the heavy smoke and broken out in the town throughout the ruins.

Between 9 p.m. and 5 a.m. Wednesday there were fifty-five distinct shocks. In two cases babies were born to refugees on streets.

CONDITIONS UNDER CONTROL. London, Feb. 5.—Lord Bledisloe, Governor-General of New Zealand, today called the Dominion Office to inform that the situation in the earthquake zone about the city of Napier was under complete control and that it might prove unnecessary to evacuate the town.

Earlier reports of heavy damage and loss of life in Napier and the nearby towns of Hastings had been confirmed, he said, and the death toll "at present ascertained" was approximately 140.

NEARLY KILLED BY GAS—DRUGGIST SAVES HER

"Gas on my stomach was so bad it nearly killed me. My druggist told me about Adrika. The gas is gone now and I feel fine," Mrs. A. A. Adams.

Simple glycerine, buckthorn, saline, etc., as mixed in Adrika, helps GAS on stomach in 10 minutes! Most remedies act on lower bowels only, but Adrika acts on BOTH upper and lower bowel, removing poisonous waste you never knew was there. Relieves constipation in 2 hours. It will surprise you. At leading druggists. (Adv.)

## A friend is loyal

He may accept the executorship of your Will with the best of intentions. He may even know your wishes for your family's future. But is he competent? Has he the time to collect funds, keep books, pay legacies, prepare income tax and succession duty returns, invest capital, check accounts and distribute income? Is it fair to request these services?

But as co-executor with The Canada Trust Company, such a friend could oversee administration. Let us tell you how such an arrangement would work to the advantage of your dependents.

## SUICIDE IN BALTIMORE

Baltimore, Md., Feb. 5.—John P. Dandy, forty, a lieutenant in the Baltimore Police, shot himself during the Great War, shot himself to death on a street here early to-day after seeing a moving picture which dramatized the part aviators played in the war, police reported. His mother, Mrs. Mary Dandy, with whom he lived, said her son had been dependent recently because of ill-health.

## PLANES USED IN FIXING OF BOUNDARY

Canadian Land Surveyors at Convention Told of Ontario-Manitoba Work

Ottawa, Feb. 5.—The establishment, astronomically, of isolated points on the unurveyed section of the Ontario-Manitoba boundary between Island Lake and Hudson Bay was described in an address by C. H. Ney of the Geodetic Survey of Canada, at the annual convention of the Association of Dominion Land Surveyors at the Chateau Laurier here to-day. This astronomical survey, involving an extended search in a remote and almost unknown district, was accomplished by use of Royal Canadian Air Force planes for transportation.

Mr. Ney explained the method adopted of first locating, by aerial navigation, a suitable lake of which to slight in the neighborhood of the theoretical boundary line, and the mathematical application of astronomy and geodesy in the remaining steps for finding the actual position of the boundary.

**TRAVELLED BY CANOE**  
A 300-mile canoe trip along the Hudson Bay coast from York Factory to the southeast to determine the 99th meridian of longitude was also described, together with the establishment of the boundary terminal, the most northerly limit of Ontario, at the point where that meridian intersects the west coast of Hudson Bay—the Ontario-Manitoba boundary terminal—defined by act of parliament in 1912. Allusion was made to the historical interest centred at York Factory in connection with the disembarkation at that point a century ago of some of Lord Selkirk's settlers on their journey from Scotland to the Red River settlement.

## Man Who Killed Three Shoots Self And Ends Life

Seattle, Feb. 5.—William Laverne Clarke, twenty-six-year-old Kent farmer, died here yesterday afternoon victim of a bullet he fired himself. The suicide followed the killing by Clarke of his wife, Ellen, twenty-two; his daughter, Gloria, three, and his brother-in-law, Jack Anthony, forty-one.

The shooting was done at Anthony's home, where Mrs. Clarke and her family lived.

Mrs. Clarke filed suit for divorce from her husband, December 20, charging he had struck her with a piece of stovepipe and chased her from their home. She had come here from Kent to live with the Anthonys.

## BRITISH HOUSE AT 8 A.M. ENDS LONG SITTING

Agricultural Land Bill Debate Brings Numerous Tilts Between Members

London, Feb. 5.—Worn and weary, the House of Commons rose at 8 a.m. to-day and the members went home to sleep off the effects of an all-night session marked by frequent outbursts of bad temper and heated nerves.

The session began at 2.45 p.m. yesterday with discussion of the Agricultural Land Bill, in the report stage. The Conservatives, who claim to see nationalization of land, although that is not its avowed purpose—adopted obstructionist tactics which did not cease until the Commons rose long after dawn to-day.

Several amendments were submitted by the Conservatives, but these were all turned down by large government majorities and the government's position at no time was endangered. Finally the opposition attempted to bring the debate to an end, and moved adjournment, but the government balked at that and the debate dragged on.

Everybody became very tired and some members went to sleep in their seats. Occasional sharp remarks from speakers would bring them to their feet and result in angry outbursts. Both sides of the House shared in the bickering.

Eventually an arrangement was reached by which the remaining stages of the bill were scheduled for late to-day and next Tuesday.

**WOMEN MEMBERS**  
Four women members of the Commons remained for the all-night discussion. Lady Astor was dressed in her usual black and white, with a big bunch of white flowers. She filled about the chamber during the discussion, but the other three women, Lady Cynthia Mosley, Miss Susan Lawrence and Mrs. Mary Hamilton, only paid occasional visits in order to be counted in the divisions.

During one of the divisions a Scottish Labour member offered Lady Cynthia Mosley a pinch of snuff from his ivory box. Lady Cynthia laughingly accepted, but Lady Astor, to whom the member extended the same courtesy, declined with her characteristic decisiveness.

At about 2 o'clock this morning a party of society people, including three blonde women and one brunette, strolled into the visitors' gallery and were greeted with cheers from the House.

**TO INCREASE EMPLOYMENT**  
The agricultural and utilization bill is one of the government's measures for dealing with unemployment. It proposes the establishment of the hands of large scale, up-to-date farms, and on the other, the development of a large number of small land holdings on which it is proposed to place some of the present unemployed men, after a period of farm training under government supervision.

**NOMINATED FOR MODERATOR**  
Regina, Feb. 5.—Rev. W. G. Brown of Saskatoon yesterday was unanimously nominated for the moderatorship of the General Assembly of the Presbyterian Church in Canada at the regular meeting of the Regina Presbytery.

## PRESIDENT OF CHILE TO RULE AS DICTATOR

Congress Gives Ibanez Full Power During Its Four Months' Recess

Santiago, Chile, Feb. 5.—Chile yesterday evening entered a four months' dictatorship by consent of Congress.

By a vote of fourteen to eleven the Senate approved a bill previously passed by the Chamber which puts into the hands of President Carlos Ibanez complete legislative powers while Congress is having a recess of four months.

The government regarded the action of Congress as "a supreme vote of confidence in the President" and assured the nation the executive's powers of supreme government would be used with great discretion.

President Ibanez requested this authorization as a result of economic conditions both locally and worldwide, saying events to come during the recess of Congress might necessitate urgent action.

Under the new law the President is under no restrictions whatsoever, but Premier Castro Ruiz, who drew up the measure, yesterday evening said the newly conferred powers would not be used to interpret the constitution or to affect individual liberty. The Premier must sign every decree issued by the President in this period.

## FALL OF CZAR SENDS BISHOP TO AN ASYLUM

Sofia, Bulgaria, Feb. 5.—Crashed by a conviction of having been the instrument of the downfall of the Russian Czar, Archbishop Theophan, former rector of the Orthodox Russian Academy in St. Petersburg, has been interned in an insane asylum here.

The archbishop was found wandering about a suburb yesterday evening muttering self accusations for having introduced Rasputin, the "Black Monk," to the Czar and his family in the days before the war. Physicians examined him and said his mind had been affected.

Theophan, hearing of Rasputin, who had left the humble home of his father to go to St. Petersburg, took him to court. Rasputin gained a foothold and soon came to exercise considerable influence over the Czarina, who believed he would be able to cure the Czar's haemophilia.

The archbishop eventually was stated, but the stories of his debaucheries contributed to the loss of popular confidence in the Russian ruling house, and were instrumental in bringing about its fall and the deaths of the royal family.

After the death of the Romanoffs Theophan fled from Russia to Sofia.

## PRINCES' SHIP TO-MORROW AT SAN CRISTOBAL

Sa. Oropesa, Feb. 5.—The Oropesa, making good time through the Caribbean Sea to-day with the Prince of Wales and Prince George aboard, was expected to touch United States soil early Friday morning at Colon, Cristobal in the Panama Canal zone.

An airplane is scheduled to take the princes across the isthmus to the Pacific Coast and Panama City, where they plan to board the Oropesa again for the trip to Peru.

After leaving Jamaica late yesterday the Prince of Wales expressed deep appreciation of the treatment accorded him and his brother there, and transmitted to the authorities an expression of gratitude for the pains they had taken to make their sojourn pleasant and successful.

### Alaska Juneau Negotiating For Ebner Gold Mine

New York, Feb. 5.—Wall Street heard that Alaska Juneau Gold Mining Company is negotiating with the U.S. Smelting, Refining and Mining Company for purchase of the Ebner Gold Mine property, which adjoins properties of Alaska Juneau in Alaska.

The offer for the Ebner properties recently made by Alaska Juneau has not been accepted.

### DUTY ON BUTTER MAY BE RAISED

Ottawa, Feb. 5.—The drop in butter prices on the Chicago market, with the consequent possibility of larger shipments being made into Canada, may occasion the fixing by Hon. E. B. Ryckman, Minister of National Revenue, of a value for duty purposes.

The present duty on butter under the general tariff, which applies to the United States, is fourteen cents. The minister is empowered under the Customs Act to take action equivalent to raising the duty by setting a value for duty purposes.

In addition a dumping duty applies automatically if shipments are made into Canada at a price below the market value in the country of origin.

Ottawa, Feb. 5.—"Navigation along the Hudson Bay route will become of vital interest to all Canada, and especially to the prairie provinces, with the completion of port facilities at Churchill," said R. Glenn Madill in addressing the annual convention of the Dominion Land Surveyors' Association here to-day on the subject, "Magnetic Work of the Dominion Observatory in Northern Manitoba and Hudson Strait."

"For the purpose of such navigation," Mr. Madill said, "the magnetic data gathered by the Dominion Observatory is of special importance, for on account of the proximity of that route to the North Magnetic Pole, the magnetic declination varies very rapidly."

The first work of this kind to be done by the Dominion Observatory in northern Manitoba was in the year 1922, when magnetic stations were established along the Hudson Bay Railway from The Pas to the end of steel, Kettle Rapids.

In all, forty-one stations had been established in northern Manitoba and six in Hudson Strait, said the speaker.

At all stations a complete determination has been made of the three magnetic elements, declination, inclination and horizontal intensity, as well as determinations of latitude and longitude.

This information, apart from its immediate practical value to navigators in Hudson Bay and to all other users of the magnetic compass in those northern regions, was of great importance in adding to the knowledge of the distribution of the earth's magnetism in a section of the world adjacent to the Magnetic North Pole, and therefore of considerable value in a discussion of the earth's magnetism and its allied phenomena.

### COMPASS AIDS FOR HUDSON BAY NAVIGATORS

How to Get Relief From Catarrh

If you have catarrh of the bladder, or head, nose, or throat, or any other part of the body, take this medicine, add to it 1/2 pint of hot water and a little sugar. Take a tablespoonful four times a day.

This will often bring quick relief from the distressing head aches. Glasses, contacts should open, breathing becomes easy and the mucous also dropping into the throat. It is easy to make, tastes pleasant and costs little. Every one who has catarrh should give this treatment a trial. You will probably find it is just what you need.

**"Build R.C. Payrolls"**

**Mrs. Hughes' Letter**

Saturday a letter was received from Mrs. A. Hughes of Nanaimo. Pacific Milk, she writes, gives the fullest satisfaction:

"I never knew one could make such delicious things so economically, until I found Pacific Milk. It is so rich and creamy one does not have to use much butter."

Rich and creamy, economical. Thousands of families have made this discovery about Pacific Milk.

## CANNING INDUSTRY MENACED

**NINE ORGANIZATIONS WHICH ARE** interested in the success of British Columbia's canning industry have sent a memorial to the Tolmie government pointing out that the province's canners are suffering seriously from railway rates that make competition with eastern concerns somewhat prohibitive. The document asks that the government urge the railway commission to remedy a state of affairs that the canners say menaces the very life of their industry.

The memorial sets out the fact that the present basis of rates on canned fruits, vegetables and jam, arising out of a rate-cutting war among the steamship companies on the Great Lakes, has reduced the rail-water tariff from Ontario to Winnipeg by twenty-six and one-half cents per hundred pounds. As a result, the Ontario shipper is able to land his product in that city at eighty-two and one-half cents per hundred pounds for a 24,000-pound car from any Ontario water point, while the canner in Vancouver or New Westminster must pay \$1.74 for a car of the same weight and \$1.26½ for a 60,000-pound car, while the Okanagan packers pay \$1.41 and \$1.04 respectively. The same disparity of rates exists in regard to other prairie points in varying degrees.

The difference in rates to Winnipeg from this coast on a 24,000-pound car amounts to \$214, and from the Okanagan \$142, or approximately thirty-four and twenty-two cents per case respectively on a carload of what are known as "twos," so that purchasers there naturally buy the eastern Canadian product, even though it is generally recognized that canned fruits and vegetables and jam produced in this province are superior in quality.

Prior to these very low rail and water westbound rates, British Columbia canners had developed the prairie market to the point where about two-thirds of the demand was supplied from this province. These sales ranged approximately from seventy-five per cent in Alberta to sixty per cent in Saskatchewan, and thirty per cent in Manitoba. Unless British Columbia manufacturers can secure some adjustment in rates, particularly Manitoba points, the document says, sales from Regina eastward will become negligible.

As well as favorable water rates, of course, eastern canners enjoy other privileges, details of which are fully set out in the memorial submitted to the government. Obviously, therefore, this is a matter of very considerable concern to an important British Columbia industry, since there are twenty-one fruit and vegetable factories in the province which annually employ large numbers of men and women during the packing season. Their operators fear that more unemployment will arise unless the disabilities of which they complain are relieved.

## NEW ZEALAND'S CALAMITY

**IT APPEARS THAT THE DISASTER** which has overtaken the east coast of the North Island of New Zealand is the worst seismic disturbance to occur in the Pacific Ocean since the earthquake in Japan in 1923. Latest figures indicate that there are one thousand dead and at least as many more or less seriously injured in the Hawke Bay province. The beautiful seaside town of Napier appears to be little more than a mass of ruins, with its original formation completely changed by the sudden and terrible convulsion. Hastings and Wairoa also are suffering acutely.

The sympathy of the whole world will go out to the stricken people of New Zealand in their hour of travail. Nature gives no definite warning of such happenings and mankind, therefore, has no means of safeguarding itself. The nearest recent approach to any inkling of the New Zealand catastrophe was a prediction two weeks ago by a Hungarian seismologist that within a few days there would be a disastrous earthquake, probably in Asia. Perhaps some day the study of seismology will mark a point where it will be possible to detect premonitory signs of such disturbances and even determine the time and place in which they are likely to occur. Meanwhile the Canadian people will support wholeheartedly the action of Premier Bennett in sending a message of sympathy with an offer of aid to the Premier of our stricken sister Dominion.

## A NAVAL EXPERT SPEAKS

**WHILE THE NATIONS OF THE** world are being told that they are spending \$1,500,000,000 more on their armaments now than they were before the Great War, they also are being told that all the 10,000-ton cruisers built since the Washington Conference are "unfit to fight."

The authority for this statement is Sir William J. Berry, formerly director of naval construction at the British admiralty, writing in the 1931 "Brassey's Naval Annual" just published. He says one well-placed salvo of shells of the kind they fire would put any one of them out of action. About fifty vessels, built or building, are involved, and the total cost is approximately \$2,500,000,000, or more than Canada's national debt. And it is pointed out, as far as Britain is concerned, that, owing to the complete change in methods of naval and other forms of warfare, she is no longer as secure as she was—big navy or no big navy.

This is an obvious truth. We do not think the world intends to commit suicide through another major war. But the thought of war now, in any case, must be in terms of aircraft, underwater craft, germs, gases, and other diabolical contrivances of destruction which give you the horrors to think about. Warships in the main seem to have dropped into the class of policemen—and that is all that should be necessary for the world of the future.

## GOOD BUSINESS

**THROUGH THE CO-OPERATION OF** the leading hospitals of the province, the first batch of undergraduate nurses have just gone to Tranquille sanatorium to take a two months' intensive course in tuberculosis work—the outcome of persistent negotiation by the medical superintendent of the provincial institution. The special period of tuition will include practical nursing, operating-room and laboratory training; and eighteen comprehensive lectures on tuberculosis, its history, bacteriology, diagnosis and treatment.

This may well be described as one of the most advanced steps taken by this province in the campaign against tuberculosis for some time. And although Victoria and Vancouver hospitals have their own facilities for treating this disease, these institutions obviously recognize the value of special study with the expert staff at Tranquille, since four of the first contingent of thirteen are Victorians and four are from Vancouver.

The importance of this innovation is easily understood. Between four and five thousand British Columbians are suffering from tuberculosis, either in an incipient, active, or advanced form, while many are classed as arrested cases. The annual death toll from the disease is approximately 400. These are the melancholy facts which emphasize the need of waging the fight against it by any and every means possible. The training of more nurses along the special lines demanded, therefore, is another step in the right direction.

It is only fair to say, however, that many of our T.B. subjects have come to British Columbia from other provinces because our equable climate helps them.

## A CANADIAN IN THE RING

**BRIGADIER-GENERAL ALFRED CECIL** Critchley, a native of Calgary who distinguished himself with the Canadian troops in the Great War, has entered the ring by-election in the north London constituency of East Islington as an Empire Free Trade-Union Empire candidate, with the blessing and support of Lord Beaverbrook. But he has entered it under somewhat peculiar circumstances. The newspaper magnate already has had one man in the field, a Mr. Paul Springman, but he jumped the track so that he could throw his support to the official Conservative candidate. There are now four in the field altogether—Conservative, Labor, Liberal, and Beaverbrook's nominee.

We do not know what General Critchley's politics in Canada were, or if he had any particular party leanings; but it looks as if he has a somewhat difficult fight on his hands, if the crusade of empire free trade in East Islington is not sufficiently popular to hold the first Beaverbrook candidate. At any rate, although a fellow Canadian, the General is hardly likely to get a wire of encouragement from Mr. Bennett—who remarked at the Imperial Conference that empire free trade was neither practicable nor desirable.

## WHAT OTHER PAPERS SAY

ANNA PAVLOVA  
 K. M. H., in The Manitoba Free Press

It was genius that came out of Russia when Anna Pavlova was among the peoples of the earth. When she moved it was with the air of a goddess, and she is only known else in the fearful symmetry of the tiger, when she swayed the willows made alone; when she danced rhythm-etherialized itself in distilled grace and music left its earthly senses and passing through the magic casements was one with the unheard sweeter melodies.

It was 1915 when she added Winnipeg to her kingdom. For that night the war drums beat against unconsciousness and the audience that packed the Walker Theatre were but shadows. The reality was Anna Pavlova. Her flame lit the night. Pavlova dancing. Saint-Saens' music floated on the breathing silence and on to the stage—ah, it was the rim of the world—came the mist of stars, the radiance of the moon. Pavlova dancing. The Swan Dance—no, a miracle, the tireless, effortless, transcendent miracle of genius.

And Pavlova is dead. She cannot be. She was not made for death. She lives in those ivory, diamond-towered towers which mankind has made ready for those immortal few whose magic sets the spirit free.

## CULTURE IN THE RADIO AGE

The Chicago Daily News

Prof. Peter Odegard of the Ohio State University is a severe and caustic critic of American national shortcomings. He seems to intimate that radio broadcasting is or may become the enemy of that true culture which humanity has been seeking for centuries. He says ironically in his new book on present-day tendencies: "Mass education is the order of the day, and radio is the finest flower. Why bother to read dull books on literature, philosophy and science? Resign yourself to the downy comfort of an easy chair, and let the wisdom of the ages float in."

## A THOUGHT

And they that be wise shall shine as the brightness of the firmament.—Daniel xii 3.  
 The weak have remedies, the wise have joys; superior wisdom is superior bliss.—Young.

## Twenty-five Years Ago To-day

THE VICTORIA DAILY TIMES, FEB. 5, 1906

The bill introduced into the Legislature by the Minister of Education for the giving of the Legislature's sanction to the establishment in British Columbia of a McGill College has aroused considerable criticism, and the bill will undoubtedly be opposed from many sources.

The first session of the commission, comprising Captain Gaudin, Cox and Newcombe, appointed by the Dominion Government to inquire into the steamer Valencia disaster, was held this morning.

Weather forecast—Victoria and vicinity: Moderate northerly winds, generally fair and cold.

Steamer Amur arrived from Skagway on Sunday. Captain McLeod reports that disagreeable weather was experienced throughout the entire trip south.

The association football game between the Victoria United and Garrison teams on Saturday afternoon at the Work Point grounds was easily the finest exhibition of the season. As has always been the case when these two eleven have tried conclusions, the contest was exceedingly close, the final score being 2 goals to 1, in favor of the city team.

The shareholders of the James Bay Athletic Association Ltd. held their annual general meeting last evening at the clubrooms, after which the annual meeting of the members took place.

## Loose Ends

The strange case of Nipper—Uncle Percy's balloons—The enterprising children out our way—And a great relief to the community.

By H. B. W.

THINGS ARE rather disturbed out our way to-day and it won't be easy, I fear, to concentrate on the mighty task of filling this column. The trouble started last week-end, when the Vancouver uncle of the little girl next door came over to see her. Now this gentleman, Uncle Percy by name, was misquipped enough to bring the little girl six balloons which were to be blown up at one end and which, in deflating themselves, emitted many atrocious sounds through a kind of whistle. Uncle Percy, I say, was misguided, for he had to spend the week-end blowing up the balloons which, as he weighs about 250 pounds and has very little breath to spare, was a formidable feat of endurance. Worse than that, however, he had to listen to the balloons deflating themselves with screams of mortal agony before they rolled over on the floor and lay flat. His week-end was turned out to be just one noisy blowing-up and going-down after another.

THE LITTLE girl did her best to help him, but at blowing up balloons she is not a real success. She could only blow them up to about the size of a pear, and then her blow would give out, and they would subside with a single weak groan. She insisted, therefore, on her Uncle Percy doing it for her, and each balloon had to become as large as a vegetable marrow before she would permit him to pause for a moment. "Make um bigger, Uncle Percy, make um bigger, Uncle Percy," she would shout, and even when one burst with a loud report in Uncle Percy's face and almost caused that gentleman to die of shock, the little girl still insisted that the next one must be bigger and fatter still. And this went on until poor Uncle Percy caught the boat back to Vancouver in the nick of time, for he was pretty weak by then.

WE THOUGHT the trouble with the balloons was over when Uncle Percy went back to Vancouver, but, as usual, we were too optimistic. The next development in the tragedy of the balloons was mysterious. That is to say, we could not immediately connect it with the balloons at all. The next development was the illness of Nipper, the little brown dog next door. Nipper, you must know, is not an ordinary dog. He is a very remarkable dog indeed, which is no surprise, since he comes of remarkable parents. That is, we assume they are remarkable, though their identity is unknown, because of the peculiar qualities which they have bequeathed to their son. He has the head of a police dog, the body of a Scottish terrier, the front legs of a bulldog and the tail of a collie. He is about the size of a jack rabbit, but has the ambition of a Great Dane. Such a blending of racial talents is rare to produce something worth while.

NIPPER IS worth while. He is less than a year old now and has achieved a record that any three-year-old might be proud of. He has killed two of Mr. Whitson's young roosters outright. He has killed with Mrs. Olumby's cat and only retreated when the latter caught him on his pink nose with her open claws. He has chased Mr. Beak's tame rabbit into hiding in a drain tile and barked at its turtles. He has chewed the head off a pair of dolls and consumed five shoes and a pair of rubbers. He has been kicked by George Fusturby's bay horse and frequently enraged by brown bull until that animal's means of rage could be heard all the way down the road.

NIPPER, AS I say, became ill yesterday, and the father of the little girl next door could not make it out at all. He told me he suspected that someone had placed poison about and wished he could lay his hands on the miscreant. He said he had questioned the little girl and all her playmates and they had all joined in denying any knowledge of what had befallen Nipper. As for Nipper, he lay under his stove, feeling very sorry for himself. It was all very alarming.

THIS AFTERNOON the little girl came over to see me, as is her custom, at the most inconvenient time, when I am trying to write this column and envying the men who are earning their living on the road. She came over to see me, but she was not herself. She was very solemn and subdued and hadn't the heart even to pound the keys of my typewriter with her pudgy fists and spoil what little I had written. "Nipper, he go sick," she said, with big, solemn eyes. "He lay himself down on floor like this," and she explained this statement by lying on her back with her legs in the air, and holding her stomach as if in great agony. And she added: "Make um feeling very bad, I gies."

WELL, WE have discussed the case of Nipper for some time now, the little girl and I. We have gone over every possible cause of his malady and dismissed each as impossible. Finally the little girl's face lights up with a sudden inspiration. "I know," she says, "balloons, maybe." And at last it is revealed that Nipper has eaten Uncle Percy's balloons. This, up to now, had been taken as a matter of course by the little girl and her friends, for Nipper has eaten so many things, including various articles of clothing, rubber balls and every kind of garbage, that he is popularly supposed to be lined with reinforced concrete. Apparently

for once Nipper has found something too tough even for his redoubtable insides.

UNDER FURTHER cross-examination the little girl admits that Nipper must have eaten at least three balloons, and possibly four. "Green one went first," she said. "Then red one next, and yellow one. First Nipper breaks 'em. Then he eats 'em right down like porridge! Very terrible, I gies." Probably it was very terrible, but not as terrible as the methods employed by the little girl and her companions to cure poor Nipper. These, I gathered, consisted chiefly of laying Nipper down on his side (for which the combined services of two little girls and a dog were required) and then placing a board on top of his stomach. Upon this the little girl from next door jumped as hard as she could in the hope that the balloons would be forced upward and reappear out of Nipper's mouth as they had entered. "Jump hard on board, but no balloons come none at all," Nipper, he don't like jumping on himself. Makes big yelling with his mouth. But no balloons. Uncle Percy's balloons all gone now. Auntie Glaws brings more next Christ' mast, I gies."

AND SO the little girl went home very depressed; whether over the loss of the balloons or the threatened loss of Nipper I cannot say. But even if Nipper survives, his martyrdom in ridding the neighborhood of the balloons will be well worth while. If he doesn't survive and the community is relieved of the balloons and Nipper at the same time, well, we shall bear up with fortitude. And we shall make sure that Uncle Percy brings no more balloons when he comes again. Don't imagine it will take much persuasion.

Other People's Views  
 Letters addressed to the Editor and intended for publication must be short and to the point. The longer an article is, the more likely it is to be cut. APPRECIATION  
 To the Editor:—At the regular monthly meeting of the Victoria General Municipal Association held Monday morning in the Y.M.C.A.—the first meeting since the taking of the plebiscite, January 14—was moved, seconded and carried unanimously that the appreciation of the association be accorded all those of the general public who, by their influence and preservation of the city, have contributed to the success of the campaign against the introduction of beer parlors into Victoria. It was also decided that this vote of appreciation be given, publicity through the medium of the press of the city.

(Signed) W. R. BROWN, Secretary.

41 South Turner Street, Victoria, B.C. February 5, 1931.

THE TAX RATE

To the Editor:—I see in your issue of Tuesday, February 3, that the City Council is considering raising the tax rate. I think this would be one of the worst things they could do, under present conditions. The city is already overburdened with taxes, and the property is assessed at about three times its value, and I think that is as much as any taxpayer can stand. I think it is up to the council to cut its estimates to meet the present tax levy, and unless this is done, I think the taxpayers will have to wake up and form a strong association to protect themselves.

Major Ansonbom quoted the Municipal Act to show that the council had full authority to borrow money. That is where the trouble lies. There has been too much borrowing, and in regard to publicly grant, that should be cut out altogether. This does not benefit the residential part of the city.

I consider it is not a question of what power the council has, but what it should do to relieve the situation.

550 Harbinger Avenue, Victoria, B.C. February 4, 1931.

B.C. FRUIT GROWERS

To the Editor:—I hope you will find space for this letter in your columns, as what I am writing represents the ideas of the majority of growers throughout British Columbia and it is self-evident to us that the coast press has been misled by those who have misrepresented us with the sole objective of retaining authority over us. First of all, the organization known as the B.C. Fruit Growers' Association no longer represents our views, though it is a body hitherto thought by the general public to do so. Many of its members are not fruit growers, a considerable number are government officials, business men, etc., and the executive positions have been captured

by those who wish us to remain in bondage, and to coerce us into accepting their policies. Not content with merely discussing matters of practical interest to growers, the B.C. Fruit Growers' Association has taken up the cause of growers, and are advocating measures which, if converted into law, would lead to a sort of third class state of socialism. So a large number of us who are real growers, and nothing else, did not attend the convention recently held at Kelowna, and in order to protect our own and our rights and liberties, have formed a new organization, for growers only. This association, the Independent Growers' Association, with affiliated societies, after only two months' organization, has already a membership of well over 1,000 men; all of whom are determined to protect themselves. The convention of the I.G.A. will convince any fair-minded man that we have no ulterior aims, but that we are determined to protect our own and our rights and liberties, and have formed a new organization, for growers only. This association, the Independent Growers' Association, with affiliated societies, after only two months' organization, has already a membership of well over 1,000 men; all of whom are determined to protect themselves. The convention of the I.G.A. will convince any fair-minded man that we have no ulterior aims, but that we are determined to protect our own and our rights and liberties, and have formed a new organization, for growers only. ## PIMPLES DEFINES WORK OF ARCHITECT IN BUILDING

### COMMUNIST IN MOOSE JAW TO BE SENTENCED

Jury Says John Hudson Was Member of Unlawful Assembly

Moose Jaw, Sask., Feb. 5.—After a three-day trial, John Hudson, a communist unemployed organizer of Winnipeg, yesterday evening was found guilty in King's Bench Court here of having been a member of an unlawful assembly, but was acquitted on a charge of making seditious utterance. The verdict was brought in after the jurors had deliberated three hours, forty minutes. Hudson was remanded for sentence by Mr. Justice Knowles.

Trial of the organizer rose out of unemployed demonstrations in Moose Jaw last November and December. Eight persons, one a woman, were arrested with Hudson when police raided an open-air meeting. They went on trial today charged with being members of an unlawful assembly. Hudson was alleged to have said the unemployed would have to fight for their rights and to use force, also that when the next war came along workers should not turn their guns against their comrades, but against the capitalists. He admitted he was a member of the Communist party, and that he had been sent by the unemployed executive from Winnipeg, but denied he had urged unemployed to use violence.

Thirty-three witnesses were called at the trial.

### Feats of Strength Seen at Ganges

Ganges, Feb. 5.—Residents of Salt Spring had the opportunity of witnessing some great feats of strength in the Mahon Hall last Thursday evening, when "Rocky" Brooks of Victoria and a company of talented performers gave an entertainment.

The tap dancing of Miss Dorothy Taylor and the acrobatic dancing of Miss Dot Schofield was much enjoyed. The programme concluded with a dance, Hogue's orchestra supplying the music.

### P. Leonard James Presents Paper on Specialists in Construction Before Chapter

"Architects as specialists in building" was the subject of an interesting paper read by P. Leonard James at the monthly luncheon meeting of the Victoria chapter of the Architectural Institute of British Columbia, held yesterday in the dining-room of David Spencer Limited.

Members of the local chapter present were: Hubert Savage, president; Eric Clarkson, secretary; P. Leonard James, K. B. Spurgin, J. Graham Johnson, J. C. M. Keith and William J. Semeyn.

The paper presented by Mr. James was as follows: "In these days of intense competition in the business world the man who is to succeed must concentrate every thought upon his own particular field of endeavor. It is naturally followed that when the need arises for building a factory, office building, or residence, the prospective owner finds himself lacking in the specialized knowledge of building methods necessary to the attainment of successful results. He must seek someone fitted by training and experience to analyze the project, from the drawing of the plans to its satisfactory completion."

**PRACTICAL METHODS**

"An architect is qualified for this important work. Based on careful analysis of building problems, plans and specifications prepared by the architect will present practical methods of meeting every requirement."

"The superintendence of an architect is not that of a mere overseer, but rather that of a trained director who co-ordinates the various features of the work so as to insure satisfaction, both from an economic and an artistic standpoint."

"The ideal building would be built by the owner, if the owner had the training and experience requisite for the work. But most men have been too busy all their lives with their own enterprises to make a study of the technique of building design and construction. Bewilderment would be the result of any attempt on the part of the owner to establish a construction department of his own. It is in the construction department of an architect's office that the problem is analyzed and solved. The resulting plans, after receiving the customer's approval, become the basis for the tenders of the several contractors. The work of the contractor is done with the guidance of the architect, whose training and specialized skill are at the disposal of the owner. Employed and paid by the owner, the architect represents him in the hundred and one decisions involved in the processes of the building. He is bound by the ethics of his profession to accept no fees from any other source. He must at the same time exercise all fairness in his dealings with the contractor."

**FINAL AUTHORITY**

"Successful building operations, like successful army manoeuvres, call for the appointment of one man who shall have final authority for all practical decisions as to materials and methods. The scope of the architect covers every branch of the building industry. He has at his command full and complete knowledge of practical methods, suitable workmen and available materials. When the plans are finally approved the architect co-operates with the owner, and also with the various contractors. He directs the work at every stage and assumes full responsibility for carrying through every detail of the specifications to the satisfaction of those who are to own or use the finished structure."

Mr. Savage will go to Vancouver to attend the council of the Architectural Institute of British Columbia on Friday.

### BOGUS LAWYER TELLS OF CAREER IN NEW YORK

Practiced in Magistrate's Court; Split Graft With Detectives

Canadian Press

New York, Feb. 5.—A crippled immigrant lad who rose from office boy to bank robber, without benefit of bar examination, threw a bombshell yesterday into the investigation of the magistrates' courts of New York city. Joseph Wolfman, self-confessed bogus attorney, who practiced three years in the west side court, named twenty-seven policemen, court attaches, bondsmen and steersmen who had got cases for him and received part of his fees. He could name a lot more, he said, if he had his memoranda with him.

Wolfman was brought from Sing Sing prison, where he is serving a sentence for stealing \$800 from a book-black, to tell his story in the appellate division inquiry. He was questioned by Isidore J. Kresel, inquiry counsel.

**HE SPOKE UP**

He was working as an office boy, he said, when he decided to take a course in law by mail. He went into the west side court one day to observe procedure. He sat beside an Italian woman whose son was being arraigned before Magistrate George W. Simpson, who resigned during the present inquiry.

The woman could not speak English, so with the magistrate's permission, Wolfman spoke for her. Later a bondsman gave him \$10 for helping arrange bail.

After that Wolfman was on deck at \$ a.m. every day, building up his "practice." A detective would say, "I have John Smith who had \$60 on his person when arrested." Wolfman would see John Smith, get himself hired as a lawyer and split with the detective. Similarly he worked with assistant court clerks, who would assure suspicious persons: "Wolfman is all right. He is a good lawyer."

# February Sale Bargains for Friday

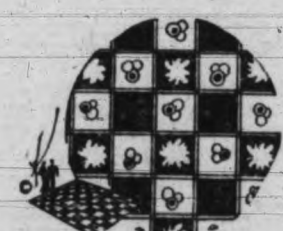

## See Our Special Display of Low Priced China

**100 PAIRS OF Ruffled Curtains**  
On Sale Friday at, a Pair **89c**

Ruffled Curtains, 2 1/4 yds. long, made of good quality white scrim trimmed with colored spot ruffles, in shades of rose, blue and gold. Complete with tie-backs. **89c**

## BIG AUDIENCES ACCLAIM FINE MUSICIANS

Seattle Symphony Orchestra Thrills Victoria With Superb Performances

Ovation For Karl Krueger and Instrumentalists: Eva Baird Assisting Artist

(By G. J. D.)

It has been known for some considerable time that the symphony orchestra of our neighboring musical centre, Seattle, had desired to play in the capital city. Even before the advent of its present conductor the wish had been often expressed. Whether its visit yesterday was enjoyed the greater by its director and members or by musical Victoria, is not here to be weighed, but the two programmes given at the Royal Victoria Theatre have given Victoria the greatest possible delight. The whole-hearted reception at both concerts, and the declaration by many who were present as being "musically rejuvenated," are endorsements of the prevailing pleasure.

Seattle has good cause to be proud of its orchestra, and of Karl Krueger, its conductor. The organization, having passed through the years and vicissitudes of apprenticeship, bids fair to become one of the first in America, a country that supports many of the finest orchestras in the world.

Certainly has Mr. Krueger in his three years of office proved himself a most productive drill-master. He comes to us with the reputation of much accomplished. The efficiency of his orchestra tells its tale. It is intelligently rehearsed—the playing proves that Mr. Krueger knows how to lead and train.

### SYMPHONIC LARGESSE

He gets the fulfillment of his ideas and the willing co-operation of his forces. He is the sort of conductor who can build up a symphony with the right symphonic largesse. His leading of the chief work in the evening programme, Beethoven's "Eroica," proved that he filled the building with the right spirit of the majesty and magnificence of the composition, and the admirable material upon which he plays responds with surprising incision. The string tone is brilliant and penetrating, at times glowing; the wood-wind is good, the brass never contentious, and as for the ensemble there is nothing but praise. Perhaps greater richness could be obtained by adding to the wind section.

His art of intonation, neatness of execution, color scheme and clarity of phrasing characterized the magnificent performance of the "Eroica" opening number of the evening programme.

The clashing synopses of the first movement, the admirable "Lohengrin" at the beginning of the main subject, the turmoil by the wind, and then by the strings, and the tender "Lohengrin" were well-nigh perfect in technique and interpretation.

The second movement, the "Lohengrin" March, was exciting and symphonic in depth and unity. The "Lohengrin" and triumphant finale were, as they ought to have been, exuberant, tinged with joy, and elation. Tremendous applause broke forth at its conclusion.

### VIRTUOSO PLAYING

Excellent, too, was the reading of the Introduction Act III ("Lohengrin"). So, also, virtuoso playing prevailed in all the following numbers: "Molly on the Shore" (Oranger), which again proved an immense favorite, and had to be repeated; the Delius, "Brigg Fair" receiving a supremely sensitive reading by the conductor. This celebrated English composer's music is set to the lines of a Lincolnshire folk song; the two Nocturnes, "Clouds," and "The Vale" (Debussy); the "Empire Waltz" by the inimitable Strauss; and the concluding "March Slav" (Tchaikovsky), a favorite of bands and orchestra. All of these were conducted and played with unflinching enthusiasm, each receiving spontaneous and prolonged applause, bravos coming from all parts of the house.

The visit of the Seattle Symphony can be well set down as a red-letter day for Victoria, and it must not be forgotten to congratulate the people for their very generous support and attendance, and to thank the Service Clubs of the city for sponsoring its appearance here.

### EVA BAIRD ASSISTS

Mme Eva Baird, dramatic soprano, assisted as soloist, and her fellow citizens in appreciation of the home concert, gave her a friendly and cordial tribute in her sensitive interpretation of "Ella's Dream," from the romantic opera "Lohengrin."

There was perfect unanimity between voice and instruments, and Mme Baird's warm beautiful voice, combined with her sure vocal art, sense of nuance and cultivated diction (she sang in German), secured for herself a fine personal achievement. Bursts of applause broke forth from all parts of the building, and her recall to the platform was inevitable. The plaudits were supplemented by several beautiful floral tributes.

### AFTERNOON PROGRAMME

The programme for the afternoon performance was drawn up more especially for the young people of the city.

## Skin Like Velvet with New Powder

No more ugly shine when you use MELLO-GLO Face Powder. New French process makes it stay on longer and prevents large pores. Smoothest, finest, purest powder known—its coloring matter is approved by the United States Government. Never dries the skin. Never makes complexion look pasty, but always youthful. Try MELLO-GLO. Sold through all druggists and at toilet goods counters. (Adv.)

## YOUR BABY and MINE

by MORTIMER MAYER DODGE

Send three or four to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

### NATURE PROVIDES BABY WITH A FLAT FOOT

The moment baby is old enough to be put down on the floor, one has to reckon with cold floors and proper coverings for baby's feet. Cold floors are with us from the late fall until spring, and it seems better to dress the child warmly enough to prevent his taking cold than to deprive him of much healthful exercise on the floor.

For the creeping baby, part wool hose and soft leather moccasins are sufficient protection against chilling. If the child totters about, clinging to chairs and tables, he needs a better fitting shoe but not necessarily a stiffer one. That baby needs stiff soles is an idea hard to eradicate. Children need a shoe that fits the foot, and one that has a soft, flexible, sewed sole. A leath shoe which can be adjusted over the child's ankle is a fairly obvious advantage over a soft moccasin that turns and twists and slips off easily.

### IS BABY FLAT-FOOTED?

Another idea over which mothers worry unduly is that their babies and small children are flat-footed. Unscrupulous persons have traded upon this fear in making special shoes with up-lifts under the instep for children supposedly suffering from this ailment. The mother who notes the flat imprint of baby's fat, little foot on the bedroom floor and concludes that he is flat-footed is simply unfamiliar with the normal baby foot. The arch of the baby's and small

ally for the young people of the city. These, with many adults crowded the theatre, and to say that they were delighted is to speak mildly—they were simply transported with rapture. They will also be glad to learn what Mr. Krueger said of them: "It was a great pleasure to play in Victoria," he said.

Before the opening number Mr. Krueger, in happy, taking manner, gave a brief outline of the growth of the orchestra, and introduced the character of the instruments in the different sections in short examples played by the section leaders. He also explained each number before its rendition, eliciting replies from the audience to his questions all making for perfect enjoyment and educative purposes.

The opening number was the famous march from "Tannhauser," followed by the "Largo" from Dvorak's "New World Symphony," the "Moths Goose Suite" by Ravel, concluding with the "Nutcracker Suite" (Tchaikovsky). This ever-green suite, as heard yesterday had the seeming effect of growing younger with the years. It is the sort of music that evidently filled the cup of happiness judging from its keen reception and hearty rounds of applause.

Two extras were given. Between the two last numbers the string quartets of the orchestra concert-master, J. Weicher, first violin, and the leaders of the second violin, violas and cellos played the finale for Haydn's quartet, Op. 18. This admirable ensemble had the unexpected honor of giving seemingly the greatest appreciation of the afternoon. Vociferous hand clapping followed its conclusion. The second extra was the whimsical, virile and popular arrangement of two Irish reel tunes, under the title of "Molly on the Shore," by Percy Grainger, which succeeded in again capturing those present.

Quadrant F.T.A.—Under the auspices of the Quadrant F.T.A. a card game will be held to-night at 8 o'clock. Military five hundred will be played and special merchandise scrip prizes will be awarded. Refreshments will be served and a good time for all is assured.

### Jubilee Alumni To Hold Dance

The Jubilee Hospital Alumni will hold the St. Valentine's Day dance at the nurses' home, Richmond Road, on Thursday evening, February 12. Len Acres' orchestra will supply the music and dancing will be from 8 till 1 o'clock. Tickets may be obtained from members of the Alumni.

### AUNT HET

BY ROBERT QUILLLEN

"Ella's diet ruined her, according to my notion. She's got so thin you couldn't tell which way she was going if it wasn't for her feet."

## GIRLS BLAMED FOR BIG GAIN IN CIGARETTES

1,000 a Year Is Now Average For Every Man, Woman and Child

Washington, Feb. 5.—Every man, woman and child is now averaging three cigarettes a day, according to the tobacco production figures completed for 1930.

To the extraordinary popularity the vogue of smoking has attained among women of all ages from grandmothers to high school girls, is ascribed the increase of 583,307,708 in the number of cigarettes smoked in this country last year.

The total number of cigarettes smoked in this country last year was 119,632,412,872, which equals just about 1,000 cigarettes for every human being in the country per year.

As against the cigarette increase, cigars fell off 700,177,599 during the year to a total of 6,271,672,686. Cigar consumption was up—75,749 pounds to 40,112,663.

Loose tobacco consumption was off 9,933,322 pounds.

## SHOULDERS TO BE BROADER

Paris Introduces Many Freakish Features in Spring Styles

Paris, Feb. 5.—Broadened, accented shoulders and short or three-quarters length sleeves were exhibited here yesterday by two of the most important women dressmakers of sport and street modes as the last word in spring designs.

Shoulders broadened almost to squareness, tending to smother the hip line, marked many sport and street suits, while daytime dresses and shoulders were accented by epaulettes or cap sleeves. With the exhibition of the newest models, long sleeves took a back seat in the fashion picture, many blouses and street dresses displaying elbow and three-quarter length sleeves designed with a slight flare.

Belts were also jerked into new lines. One dressmaker displayed narrow belts dropped one inch lower in back than in front on all dresses to give height to the silhouettes. Another exhibited belts six inches wide in front, tapering to two inches in back.

New fabrics also made their debut to-day.

Shantouel, a lightweight closely woven shantung used for blouses, sports and daytime frocks, line, a combination of silk and linen striped design, and shell knit jerseys for both street and sport suits, were outstanding.

Rose red, sapphire blue, light blue and beige were favorite colors. Trouser skirts for daytime were pushed stronger than ever.

**In Daily Use over all the world**

Thousands of women have come to regard Cuticura as the true natural aid to a lovely skin and attractive hands and hair. Regular daily use of Cuticura Soap, assisted by Cuticura Ointment when required, purifies and beautifies the skin, cleanses the scalp and keeps the hair live and glossy.

Sold everywhere. Soap 25c. Ointment 50c. and 1lb. Talcum 25c. Canadian Depot: J. T. Watt Company, Ltd., Montreal.

**Bacarisse, Writer, Succumbs in Spain**

Madrid, Feb. 5.—By a strange coincidence, the Spanish writer, Mauricio Bacarisse, died yesterday of influenza on the same day that he was awarded the National Literary Prize, one of the most coveted literary distinctions in Spain.

**Fry's**

**Keep him smiling with FRY'S**

Men need all the energy it is possible to get from their food these days when health and cheeriness count for so much. Why not serve FRY'S daily? Here you have one of nature's greatest energy making foods. Keep your man healthy and smiling with a daily cup of this great Cocoa.

FRY'S—The world's favourite Cocoa since 1725.

J. S. FRY & SONS (Canada) Limited, Montreal, Que.

**Be Sure...**

when you buy sanitary pads specify KOTEX

TAKE no unnecessary chances in this important matter of sanitary protection. Specify "Kotex." Accept nothing else.

Every month, every year, scientists add details to perfect its comfort, to give you the feeling of being well groomed, to offer you inconspicuous protection.

The absorbent of which Kotex is made—Cellucotton (not cotton) absorbent wadding—is unique. It is five times more absorbent than surgical cotton, by actual test.

Kotex is guaranteed to last longer, to stay soft longer than any other sanitary pad. Kotex Company of Canada, Limited, Toronto.

### Kotex is Soft...

1. Not a deceptive softness, that soon packs into chafing hardness. But a delicate, lasting softness.
2. Kotex filler is far lighter and cooler than cotton, yet absorbs 8 times as much.
3. Deodorizes, safely, thoroughly, by a special process.
4. Disposable, instantly, completely.

MADE IN CANADA

**KOTEX**

The New Sanitary Pad which deodorizes.

BY THE WAY, CLARE... WANT TO GO TO THE HILL'S TONIGHT?

DON'T BE SILLY! THIS IS WASHDAY AND YOU KNOW I'LL BE TIRED OUT BY EVENING

JIM WANTED TO VISIT THE HILL'S TONIGHT, BUT LOOK AT ALL THIS WASH I HAVE TO DO

AND THAT EVENING

LET'S GO TO THE HILLS, DEAR. I'M NOT A BIT TIRED. I USED A WONDERFUL HARD-WATER SOAP TODAY... RINSO. IT WASHES CLOTHES WHITER WITHOUT SCRUBBING

THE GRANULATED HARD-WATER SOAP

**Rinso**

for whiter washes

**A few more reasons why millions use Rinso!**

1. Washes clothes so white, even old yellowed linens look almost new again.
2. Easy on the clothes; saves scrubbing and boiling.
3. Rinso is the only soap you need on washday—no bar soaps, chips, powders, softeners.
4. Its suds are thick, lively, lasting—marvellously active in tub, washer and dishpan.
5. Economical; gives twice as much suds; cup for cup, as lightweight, puffed-up soaps—even in hardest water.
6. So safe, the makers of 38 famous washing machines recommend it.

**Try Rinso and see!**

Change to Rinso, the hard-water soap—and see for yourself how much whiter it washes clothes. Without scrubbing! Great for dishes, too. Get the BIG package.

Guaranteed by the makers of LUX—Lever Brothers Limited, Toronto

**Millions use it in tub, washer and dishpan**

## THE SPORTS MIRROR

### R. A. Phillips Is Beaten For Only Surprise of Round

Too Many Coaches Are Ruining Ottawa Senators Hockey Team

Club Is Jibe and Jest of Sport Writers in Other Cities

Harry Rosenberg May Be Answer to McGraw's Prayer for Jewish Star

Jim Jeffries Calls Present Heavyweights a Bunch of Palookas

An interesting insight into the poor showing of the Ottawa Senators in the National Hockey League this season is given by an Ottawa writer. The scribe blames the club's dismal showing on too many coaches. Ottawa has a number of fine hockey players who appear simply down in the dumps. Connell is a fine goaltender and Klara, Lamb, Finnigan, Cox and Alex Smith rate highly, yet except for occasional flashes they look and act as if they knew they had no place to go this season. Give Ottawa a couple of players, new surroundings and they will look like a classy hockey proposition.

"In seeking a reason for Ottawa's dismal showing in the N.H.L. this year," says the Ottawa scribe, "one does not have to go far afield to see that Senators have more coaches than any other team in the league. In fact, they are the most over-coached team in hockey. They have an inactive one resting on his ears at a high salary in Montreal and watching the team that he had in third place when he departed, floundering in the cellar with hardly any possibility of rising therefrom. They have an active one, who, if incidents which are apparent to those whose business it is to keep a close eye on the movement of the team from the first bell to the last are any criterion, gets more advice on how to run the team than the coach himself receives on how to battle the prevailing depression. A man handling a hockey team cannot, or should not, be fettered by advice from all sides, during the game, especially from those whose knowledge of hockey is limited. This is a time for the coach to speak. The Ottawa hockey team has too many strategists, too many master minds, too many interfering in the inner working for the good of the team. The dressing room for the players between periods to rest in and relax from their strenuous efforts of the previous twenty minutes. It should be closed to all except the coach and trainers and the players.

"Ottawa is the talk of the N.H.L. circuit, and the club is the jibe and jest of every outside sport writer who knows how things are conducted behind the scenes here. The job of handling a hockey team, if it is to be successful or otherwise, belongs to one man. The Ottawa players should not be harassed by gratuitous advice as to whether they should shoot without the blue line or from within. There has been too much coaching by the phantom board of strategy and too much interference from the outside of the team. It is a state of affairs that should have been halted long ago, but must be stopped now. Two minds may be better than one in some lines, but not as far as the Ottawa hockey team is concerned. Those who seek to impose their views on how to run the team, and the game should be shown the door. It should have been done long ago as far as a lot of the grandstand coaches are concerned. This is an apology for the present state of hockey here from a playing standpoint. It is not even a defence of Dave Gill as a coach or manager, and he is not on trial as far as this is concerned, but the writer, who has watched the master minds going into a huddle behind the scenes all season and watched the reaction on the ice, is convinced that the public is fed up on the interference behind the scenes and attributes to it in no small way some of the reasons why the Ottawa team is in the cellar instead of being in the first division."

Recently officials of the Ottawa Club announced the players and franchise were for sale. There are some talk of getting a baseball star over by a syndicate of Capital City sportsmen but as yet nothing definite has developed. On Tuesday it was rumored a syndicate from New England would make an offer exceeding \$100,000 for the team. If this offer is made it would not be surprising if the club changed hands. The Ottawa team has been a losing proposition for several years and the present owners are more than anxious to get it off their hands.

John McGraw of the New York Giants will never be satisfied until he succeeds in getting a baseball star from the Jewish race. When McGraw went to the Giants as manager about thirty years ago, he had no such ideas in his head. But at that time about 75 per cent of the ball players were Irish. Hans Wagner was about the only one of those days who wasn't Irish. But thirty years of serving New York City with baseball entertainment has convinced McGraw that it would be a knockout if he could get a Jewish boy who would be a star the day after tomorrow. About eight years ago McGraw found a Hebrew youngster named Solomon, who was crashing out home runs in the minors. He signed him and worked hard to develop him, but Solomon failed. Then only a few years ago he discovered Andy Cohen. For a time it looked as if he had the man, but Cohen finally faded out.

Among the new men on the Giants roster this season is Harry Rosenberg. There's a youngster who is certain to get a lot of successful attention from McGraw this spring. He's twenty-two and is an outfielder who was bought

Crack Willows Player Defeated by Major Chambers, of Garrison Club, in Straight Sets, 15-10, 15-5, Marking Only Upset of Opening Skirmish; Local Players Will Continue Eliminations To-day; Eric Leney, Defending Men's Singles Champion, Oppose G. F. Rose.

With only local players in the draw the opening matches in the Vancouver Island badminton championships were played yesterday evening at the Bay Street Armories. Favorites came through in all matches with one exception, R. A. Phillips, one of the strongest entries from the Willows Club in the men's singles, being defeated by Major Chambers of the Garrison Club in straight sets, 15-10, 15-5. A number of the other seeded players found the going a little tough but managed to survive the first round.

## KNIGHTS IN FINE DISPLAY TO BEAT C.P.S.

Crack Intermediate Hoop Team Defeats Senior Club 34-23 in Knockout League

Blue Ribbon Defeat Harmony 26-19; West Road Turn Back Colonist 35-18

Finishing with a great rally, the Knights of Pythias defeated the C.P.S. 34 to 23 in the semi-final round of the city division of the Vancouver Island Knockout League yesterday evening at the High School gymnasium. The Knights will meet West Road in the final on Saturday night at the Y.M.C.A. gymnasium. In the women's final the Blue Ribbon defeated the Harmony, 26 to 19, while Keating won the final league scheduled senior "B" men's game from the Colonist 35 to 18.

The senior game started at a fast clip with the C.P.S. counting the opening basket, when Stew Skilling scored from underneath. McKennie then sank a long one to give the humbreners a four-point lead. The Knights gathered their forces together, and when the rest interval was reached they had drawn up to within one point of their opponents' total.

With the opening of the final period the humbreners went further ahead on baskets by Fagerberg, Skilling and McKennie. At this stage the intermediates staged a short rally to tie the game at 16 to 15 for the first time in the battle. Both teams counted four field baskets in rapid succession, and with six minutes left to play, the Knights were leading 24 to 22. At this point the Knights stepped out and caged five successive field baskets without a return.

The teams and individual scores follow:

Knights of Pythias—T. Forbes (10), MacDonald, Cudlip, Caddell (4), Shephard (8), Bissell (6), Brown (3), McKennie (3).

C.P.S.—Davis (1), Butler, Skilling (8), McKennie (7), Fagerberg (7) and N. Forbes.

Blue Ribbon won the right to meet Duncan in the next round of the Vancouver Island Knockout League by taking the Harmony into camp in the final of the city division. Torrie Rennie collected twelve points for the Ribbons.

The teams and individual scores follow:

Blue Ribbon—Peden (7), Rennie (12), R. Bethel (2), K. Weiburn, J. Edwards (1), M. Wilson, B. Boyce (4), D. Lee and C. Atherton, 1. Alexander.

Harmony—A. Lalonde, 1. Alexander (2), M. Peden (4), D. Perry (4), E. Mathews (5), C. Alexander (2), P. Hall (1) and B. Armstrong (1).

Ralph Mitchell and Aldrich were shooting in rare form and their ability to find the hoop ruined any chances the Colonist had of reaching the playoffs for local senior "B" honors. Mitchell was the leading scorer with sixteen points.

Lemarquand, Forbes and Taylor retired.

The teams and individual scores:

Keating—Mitchell (16), Bates, Turgoose (5), Marchant, Atkinson (13), Emmert, Rivers, Styan (1).

Colonist—Borge (4), Bell, Smith (2), Stewart, Yeamans, Elliott and MacDonald (12).

from the Mission Club of the Pacific Coast League. He hit 364 last season. If he can hit like that in the Polo grounds, McGraw's prayers will be answered.

Jim Jeffries, rated by many experts as the greatest heavyweight fighter that ever lived, has some scathing remarks referring to the present crop of heavies. In the opinion of Jeffries, a lot of the present heavyweights are nothing but a bunch of palookas. Striling is an in-and-outter, Carnera a clown, Schmeling has no fighting heart and the rest are a lot of noodies who wouldn't last a minute with a fighter of the Tom Sharkey type. Jeffries is certain Tom Sharkey would beat any man, any weight, in five rounds. If he was in his prime, and then relates his own fight with Sharkey when he broke Tom's ribs in the seventeenth round and Sharkey went on to the twenty-fifth.

To-day the local players will continue their eliminations, with a number of Up-island players included in the draw. To-morrow the Vancouver contingent will make their initial appearance with the finals scheduled on Saturday afternoon. Officials in charge of the tournament received word yesterday that Anna Kier, formidable Duncan woman star, would compete in the local tournament and she will make her initial appearance this evening in the women's doubles, when paired with Miss Norris she will oppose the Misses Benson.

Several keenly fought matches were witnessed yesterday evening. Commander Edwards, one of the strongest Victoria entries in the men's singles, was extended to three sets before winning over C. Colclough, 12-15, 12-15, 15-11. After winning the first set Edwards was off his game in the second but recovered in the third to gain a victory in the only other three-set match. D. Campbell defeated C. Logan, 6-15, 15-11, 15-3.

Favorites came through in fine style in the mixed doubles. Miss Miller and Hinks, a powerful local combination and one that is rated as having a fine chance to reach the finals, defeated Miss Colclough and Anderson, 15-7, 15-2. In the only other match in this section Mrs. Edwards and Mrs. Chambers defeated Major and Mrs. Merston, 15-6, 15-10. In the men's doubles the Phillips brothers triumphed over Colclough and Rose, 15-11, 15-3.

At 5:30 o'clock this afternoon Eric Leney, of Duncan, holder of the men's singles crown, will make his first appearance, being drawn against G. F. Rose. Duncan, however, Duncan entry, will meet F. Mitchell at 6 o'clock. Officials of the Garrison Club, which is staging the tournament, stated yesterday that no admission charge would be made to-day or to-morrow. On Saturday a small entrance fee will be charged and tea will be served.

**MEN'S SINGLES**

D. Campbell defeated C. Logan, 6-15, 15-11, 15-3.

D. Wickett defeated C. Weir, 15-10, 15-12.

C. J. Edwards defeated P. Colclough, 12-15, 12-15, 15-11.

Major C. Chambers defeated R. A. Phillips, 15-10, 15-3.

D. Hinks defeated E. T. Simmons, 15-7, 15-2.

**MEN'S DOUBLES**

Miss Miller and Hinks defeated Miss Gaddard and Anderson, 15-7, 15-10.

Miss Miller and Hinks defeated Mrs. Ridewood and Holland, 15-11, 15-10.

Miss Pitts and Hunter defeated Miss Campbell and Colclough, 15-3, 15-5.

**HANDICAP MIXED DOUBLES**

Miss Gaddard and Anderson defeated Major and Mrs. Merston, 15-6, 15-10.

Miss Miller and Hinks defeated Mrs. Ridewood and Holland, 15-11, 15-10.

Miss Pitts and Hunter defeated Miss Campbell and Colclough, 15-3, 15-5.

**TO-DAY'S DRAW**

The draw for to-day follows:

8 p.m.—Mrs. Edwards and Miss Wilson vs. Miss Pitts and Miss Nicholson.

8 p.m.—Weir and Mitchell vs. Campbell and Matson; Miss Blyth and Dirom vs. Miss Oates and Raymont; Miss Weir vs. Miss Bryden.

8:30 p.m.—Miss J. Lang vs. Miss V. Norris; E. Leney vs. G. F. Rose; H. S. Platt vs. J. P. Phillips; Edwards and Chambers vs. Simons and Wickett.

6 p.m.—F. Mitchell vs. Dirom; Miss Miller and Miss Oates vs. Miss Harris and Miss Campbell.

6:30 p.m.—Miss Blyth and Dirom vs. Mrs. Gaddard and Anderson; Flett and O'Sullivan vs. Webb and G. Phillips; Miss Wilson and Edwards vs. Miss Campbell and Colclough; Mrs. Edwards vs. Miss Benson.

7 p.m.—Miss Wilson and Edwards vs. Miss Lang and Parker; Misses Benson vs. Miss Wier and Miss Norris.

**Joe Savoldi To Make Wrestling Debut on Feb. 16**

Kalabas City, Feb. 5.—"Jumping" Joe Savoldi, former Notre Dame gridiron star, will make his professional wrestling debut here February 16 under terms of an agreement announced yesterday between Buss Halbritter, Los Angeles business man, who is managing Savoldi's affairs, and American Legion officials here.

Gabe Kauffman, American Legion matchmaker and promoter, said he will begin immediately the task of selecting an opponent for the 220-pound Savoldi.

**BILLIARDS**

Championship honors in the "C" division of the Intermediate Billiard League went to the defeated Britannia Branch, 378 to 225.

## Miracles of Sport

**Y.M.C.A. "A" TEAM WINNER AT BADMINTON**

Association First Team Scores 10 to 6 Victory Over "B" Representatives

Six Victories in Mixed Doubles Decide Match; Many Matches Are Close

In a match in the Third Division of the Lower Island Badminton League played at the Y.M.C.A. gym yesterday evening, the association "A" team triumphed over the "B" squad by a 10 to 6 score.

After breaking even in the women's men's doubles the "A" players clinched their victory with six wins in the eight mixed doubles matches. A large number of the matches were hard fought and play was of a very high calibre.

Complete results follow, with the "A" team players named first:

**WOMEN'S DOUBLES**

Misses Campbell and Marconini lost to Misses Severs and Hickey, 17-18.

Misses Campbell and Marconini won from Mrs. Wingate and Miss Marquart, 15-11.

Misses Dunn and Warnock lost to Mrs. Wingate and Miss Marquart, 1-15.

Misses Dunn and Warnock won from Misses Severs and Hickey, 15-3.

**MEN'S DOUBLES**

Witter and Leigh lost to Logan and Humphries, 12-15.

Witter and Leigh won from Hill and Leeming, 15-2.

McKinnon and Kidd won from Hill and Leeming, 15-10.

Miss Campbell and Witter won from Miss Severs and Logan, 15-0.

Miss Campbell and Witter won from Miss Hickey and Humphries, 12-15.

Miss Marconini and Kidd lost to Misses Severs and Logan, 6-15.

Miss Dunn and Leigh won from Miss Marquart and Leeming, 15-6.

Miss Dunn and Leigh won from Mrs. Wingate and Hill, 15-9.

Miss Warnock and McKinnon won from Mrs. Wingate and Hill, 15-6.

Miss Warnock and McKinnon won from Miss Marquart and Leeming, 15-4.

**SANTA-HANSEN BOUT CALLED A NO CONTEST**

Chicago, Feb. 5.—The scheduled ten-round fight between Joe Santa Portuense Carnera, and Knute Hansen, Racine, Wis., heavyweight, ended in a fiasco in the second round in Chicago Stadium yesterday evening. Referee Dave Miller declaring it no contest after Hansen fell to the canvas four times, the last time without being hit.

General John V. Clinchin, president of the National Boxing Association, and chairman of the Illinois State Athletic Commission, ordered purses of both boxers held up. They will be required to appear before the commission next Tuesday and show cause why both should not quit fighting, the general said.

**Success Depends On Fundamentals**

CENTER DIRECTLY TAPPED BALL WITH HIS HAND

By SOL METZGER

Success in basketball depends in the main upon fundamental play. The ball at the tap means more scoring chances. While you possess the ball it is dead certain the opposition can't score. And if you control it at center tap you have what is estimated as a 15 per cent advantage over the opposition in possession.

Centres, weak on tapping, should do considerable practice to remedy the fault. The big idea is to jump from a crouched position, so timing the leap that the tap hand will connect with the ball when you reach the highest point of your spring upward. The direction you tap the ball is controlled by turning the hand, as shown in the illustration. To-morrow—a centre jump play.

**BABE RUTH IS NOT WORRYING OVER NEW BALL**

Famous Home Run Hitter Says "Dead" Ball Will Still Travel When Hit

Will Help to Eliminate Fluke Home Runs; Rather Likes the New Idea

New York, Feb. 5.—The prospect of having to hit a changed ball during the 1931 baseball season does not worry Babe Ruth at all. In fact, he rather likes the idea. "Say, you can make that ball all over and let the stitches stick out like grapes and I'll still hit it," was the Babe's opinion on the recent changes in the pellet. "I hit that ball when it was said to be dead, back in 1918 and 1919, and I called a lot of those 'dead' balls a lot of feet."

**PORTILLO IS EASY WINNER OVER JEFFERS**

Seattle Welterweight Gives Negro Boxing Lesson in Six-round Bout

Seattle, Feb. 5.—Tommy Jeffers, Washington Negro, received a boxing lesson from Tony Portillo, Seattle welterweight, here yesterday evening, the latter boy winning the six-round main event with ease.

Jeffers appeared to suffer from stage fright in his first Seattle main event and was severely punished. Portillo won every round except the fifth, which was even. The negro opened up, with a wild swinging attack in the fifth that helped him to break even in the count.

Jackie Caston, Seattle featherweight, surprised even his most ardent admirers when he fought a six-round draw with Joe Calder, clever Manila boxer.

**TWO KNOCKOUTS**

Able Israel, Seattle bantamweight, battered Carl Campbell from start to finish in their six-round bout to win the call. Johnny Hansen, Portland welterweight, knocked out Mike Griffin, Seattle, in forty seconds, and Red Tingley, Bellingham, put James J. Archibald, Calgary, to sleep in the last two bouts were scheduled for four rounds.

**Collegians Leave For Invasion Of Varsity To-morrow**

Approximately 150 students from Victoria College, including its crack rugby fifteen, provincial titleholders in the intermediate division, a badminton squad, a golf team and possibly men's and women's basketball quintettes, and scores of supporters will leave Victoria to-morrow for their return invasion against the University of British Columbia.

In the feature attraction of the meet, the local students will clash with Coach Gil McMillan's crack second division rugby team. The Victorians have a one-game edge over the Vancouver cap-and-gown boys, due to their 2 to 3 victory over the mainlanders during the varsity invasion here last month.

## Denny Walker Will Leave To-morrow For Gala At Banff

Outstanding Victoria Swimmer Will Seek Honors at Annual Winter Carnival; Walker Demonstrates Class in Freestyle and Backstroke Events at "Y" Gala Yesterday Evening; Comedy Turns by Colin McFadyen and Ted McCloud Are Feature.

After demonstrating his powers in the freestyle and backstroke events at the Y.M.C.A. gala yesterday evening, Denny Walker, Victoria's outstanding swimmer, will leave for Banff to-morrow evening to compete in the Winter Carnival gala opening on Monday. He will arrive at Banff on Sunday shortly before noon and will rest until the following day when he will attempt to uphold the honors of coast swimmers against the best material assembled for the meet.

Yesterday evening Denny demonstrated his powers over the rest of the club in the backstroke match race, gaining over fifteen yards on the two next best men. Walker swam 100 yards against his opponents' eighty and came within an ace of catching them on the final stretch.

**GOOD COMEDY**

While races were keenly contested, perhaps the most outstanding features of the programme were the comedy turns presented by Colin McFadyen and Ted McCloud. With novel stunts and well planned skits the men had the entire house convulsed with laughter.

In the junior boys, junior girls and senior events, the competitors showed a high standard of swimming. Kewpie and Molly Unsworth were outstanding in the junior girls' division, while Copeland, Eleanor Peden and Carrie Grey gained the majority of honors in the senior girls' division.

Bob Blair and Bill Naysmith turned in good performances in the junior boys' section, while Ed Roskelly and Dick Healy gave Walker a fair run in the senior freestyle. In a special breaststroke race, Rod McMillan and Percy Riddle swam a good race against Art Stott. The latter failed to touch with both hands on one of the turns and McMillan was given the event.

Pat Copeland forged to the front ahead of Eleanor Peden and May Peden in the women's breaststroke event.

**RESULTS**

The results follow:

Junior boys, forty yards freestyle—1, Bob Blair; 2, Bev. Honor; 3, Bill Jamieson.

Junior girls, forty yards freestyle—1, Kewpie Unsworth; 2, Molly Unsworth; 3, Nancy Hepburn.

Junior boys, forty yards backstroke—1, Bill Naysmith; 2, B. Blair; 3, Joe Peacock.

Balloon race, junior girls—1, Kewpie Unsworth; 2, Nancy Hepburn; 3, Elsie Merriman.

Women's forty yards breaststroke—1, Pat Copeland; 2, Eleanor Peden; 3, May Peden.

Men's forty yards freestyle—1, Ed Roskelly; 2, Albert Young; 3, Lew Rush.

Suitcase race—1, Cyril Bailey; 2, Fred Crouch; 3, F. Pellet.

Men's sixty yards freestyle—1, Denny Walker; 2, B. Healy; 3, E. Roskelly.

Junior girls' forty yards backstroke—1, Kewpie Unsworth; 2, Molly Unsworth; 3, Nancy Hepburn.

Women's forty yards freestyle, first heat—1, E. Peden; 2, Pat Copeland; 3, Carrie Grey.

Women's forty yards freestyle, second heat—1, Madge Carter; 2, May Peden; 3, E. Peden.

Intermediate boys, forty yards freestyle—1, Jack Rawlin; 2, Ken Roskelly; 3, Ken Fleming.

Men's sixty yards breaststroke—1, Rod McMillan; 2, Percy Riddle; 3, Art Stott, who finished first, was disqualified for not touching with both hands on the turn.

100 yards backstroke (men), final race—1, Godfrey Parrott; 2, Bob Smith; 3, D. Walker.

Forty yards backstroke (women)—1, E. Peden; 2, Molly Unsworth; 3, Carrie Grey.

Junior boys, sixty yards freestyle—1, Art Beadie; 2, Bill Naysmith; 3, Bill Mac.

Women's relay—1, team, captained by Pat Copeland, including Lillian Young, Kewpie Unsworth and May Peden.

Men's relay—1, team, captained by Denny Walker, including R. McMillan, Albert Young and Chuck Hardy.

**Jimmy McLarnin Is Given Chance To Meet King Tut**

Chicago, Feb. 5.—Jimmy McLarnin, babe-face welterweight from Vancouver, can have a match with King Tut, twenty-four-year-old second knockout conqueror of Billy Petrolle, if he wants it.

Nate Lewis, matchmaker for the Chicago Stadium, to-day dispatched an offer to McLarnin to meet the wild young man from Minneapolis either on February 20 or March 6.

**NAVY DEFEAT SAANICH AND OBTAIN LEAD**

Sailors Blank United 3 to 0 to Take First Place in Pendray Cup Football

Three Goals in Second Half Give Navy Win; Other Match Is Postponed

Scoring a 3 to 0 victory over Saanich United at Royal Athletic Park yesterday afternoon the Navy Wednesday League football eleven went into first place in the competition for the Pendray Cup. By their victory the sailors now hold a one-point lead over Saanich who occupy second place. The scheduled match yesterday between the Hudson's Bay and Garrison was postponed on account of illness at the Work Point barracks.

The Navy proved superior to the Saanich eleven at all stages of yesterday's match. For the first ten minutes after the start of the match play centered in mid-field with neither club having any decided edge. For the last twenty minutes of the initial period the Navy had the advantage but were unable to get past the Saanich back division.

For the first few minutes of the second half Saanich forced the issue but the Navy soon carried play to the other end of the field and Roberts netted the ball for the opening goal of the match. The Saanich team took up the attack and tried hard to get the tying goal, but their forwards lacked their usual finish.

Following a neat bit of combination play Roberts scored his second goal of the match to put the Navy two up. Five minutes before the final whistle Cozier scored the Navy's third goal. McKay refereed.

The teams were as follows:

Navy—W. Johnson, Hall, Whyte, McLean, Scott, Cozier, Cockrill, Roberts, Fittall, W. D. Johnson.

Saanich United—Tooby, Cann, Blanton, Stonier, Moyer, A. Spellar, Brown, Wyatt, Davis, Burns, M. Spellar.

**McDUFFER OF THE MISSAPUTTA GOLF CLUB BY BARBARIE PAYNE**

London, Feb. 5.—Walter Lindrum, Australia's champion of the billiard cue, has not yet struck his pace in the final of the empire tournament which he is playing against Tom Newman, England.

The men closed yesterday with Newman at 15,246 points, and Lindrum with 5,097. The former was given a 7,000-point lead.

The present final ends Saturday, February 14.

**Lindrum Fails To Hit Real Stride In Billiard Final**

Dispute Arises Between Officials At B.C. Ski Meet

Revelstoke, Feb. 5.—A dispute between Canadian Amateur Ski Association officials and Revelstoke Ski Club officials caused the abandonment of the Olympic trial events here yesterday. Association officials claimed that the local officials were of the opinion that the hill was much safer yesterday than when Nele Nelson made his world's record jump of 240 feet in a snowstorm and fog in 1925.

# Inter-city Rivalry Resumes In N.H.L.

## Canadiens Oppose Maroons, Americans To Tackle Rangers

**Montreal and New York Clubs Will Again Take Up Bitter Fued in Games This Evening; Flying Frenchmen Have Two Victories and a Draw With Maroons to Date; Americans and Rangers Have Engaged in Two Draws; Ottawa Opens Two-game Stand in Detroit; Keen Campaigns Being Waged in International and American Leagues.**

Toronto, Feb. 5.—Inter-city strife in Montreal and New York provides two high spots for to-night's four-game schedule in the National Hockey League. In Montreal the world champion Canadiens clash with the Maroons for the fourth time this season, having won two of the previous clashes and tied the third. New York's Rangers and Americans attempt to settle their argument that has been carried through two tie games.

The Ottawa Senators open a two-game stand in Detroit and the Chicago Black Hawks play host to the other tail-enders, the Philadelphia Quakers.

### Hockey Schedule For This Evening

**NATIONAL LEAGUE**  
Montreal Canadiens at Montreal Maroons.  
New York Rangers at New York Americans.  
Philadelphia at Chicago.  
Ottawa at Detroit.  
**PACIFIC COAST LEAGUE**  
Vancouver at Portland.  
O.H.A.—SENIOR "A" SERIES  
Toronto Marlboros at Kitchener (at Toronto).

## GRADS SCORE 3 TO 0 VICTORY OVER POLAND

**Manitoba Hockey Team Continues Fine Record in International Tournament**

**Tied With Boston Club For Leadership; U.S. Representatives Beat Sweden 3-0**

Krynica, Poland, Feb. 5.—University of Manitoba Grads and the Boston Hockey Club today were tied for the lead in the international hockey tournament being played here. Both won their games today when the Canadians defeated Poland 3 to 0 and Boston took Sweden into camp by the same score.

The tournament has now boiled down to a round robin affair between the six remaining teams. The other two countries remaining in the running are Czechoslovakia and Austria.

In today's play Poland started off briskly against the Manitoba Grads and scored a goal which was disallowed. The decision of the referee seemed temporarily to disorganize them and before they could pull themselves together the Grads had netted the puck three times.

Williamson, Hill and Morris were the scorers for Manitoba Grads in the match with Poland. The Canadians played a tight, defensive game to prevent the Polish players getting a goal.

**Toronto Nations Move Into Tie For Hockey Lead**

Toronto, Ont., Feb. 5.—Out-clasping their opponents from the start Toronto Nations scored a decisive 6 to 1 victory over University of Toronto here yesterday evening to move up into a tie with Hamilton in the Ontario Hockey Association senior "A" series race. Tigers have played one more game than the local Sea Fleets, but have an easier schedule before them.

## IS HE THE GOAT?

By JIMMY THOMPSON

On paper Max Schmeling is no longer heavyweight champion of the world, but morally he is the holder of the title until beaten. The disqualification of Schmeling is the first of its kind in fight history. The New York state boxing commission took away his title because of his refusal to accept Jack Sharkey as his next opponent. The commission based their decision on the supposed right of Sharkey to a return match. It is a rule of both the New York and the national commission that a champion must defend his title every six months. But fight annals show us that no champion prior to the elevation of Schmeling when he was fouled by Sharkey has been compelled to fight within a specified time limit. As a champion Dempsey fought six times in seven years. Willard twice in four years. Jack Johnson five times in seven years. Jeffries nine times in four years. Corbett twice in five years and Tunney only twice after outpointing Dempsey. After Corbett beat Sullivan in 1892 he waited two years before trimming Charlie Mitchell and waited three years before losing his title to Bob Fitzsimmons at Carson City, Nev. This record certainly shows that Schmeling is the first to be made an exception of.

## Local Oarsmen Busy Overhauling Shells For Early Training

**J.B.A. Club Hopes to Have Heavier Boats in Water by Beginning of Next Month; Will Meet Varsity Crews in Match Races During March; Lieutenant-Governor's Shell to be Big Asset to City Rowing Club.**

Making early preparations for the season, Coach Dan O'Sullivan and members of the J.B.A. Rowing Club have started work on their boats and hope to have the practice crafts in the water by the beginning of next month.

With the addition of the shell donated by Lieutenant-Governor Bruce, the club will have several fair boats for the year. The members feel certain that the junior and senior crews would have placed much better in the N.P.A.A. meet last year had they been rowing in better boats. The donation of the Bruce shell, which is due from Sims and Sons, Putney, England, about the middle of April, will furnish the club with good boats for both senior and junior quartettes. The Nichol shell, formerly the best boat in the club, will now be passed on by the senior men to the juniors.

Including these, the club now owns four good fours, one good doubles boat and two or three old singles. In addition there are several work boats, including two doubles shells and two lapstrake doubles and several old skiffs.

**PLAN TO MEET U.B.C.**  
Although the heavy boats will not be put in the water until the beginning of next month, the J.B.A. crews are planning to meet representatives from the University of British Columbia in the match races during March.

According to Coach O'Sullivan the J.B.A. has an abundance of new material on hand to develop some good crews during the year. While he admits that it takes three or four years to make an oarsman, he hopes to whip the last year crews into fair shape this season. Just how many of the older members of the club will be back in competitive ranks, he does not know. If the men stick together, they should be considerably stronger than they were last year. Without showing any undue signs of early season optimism, the coach thinks prospects are bright for the season.

In speaking of new boats, Mr. O'Sullivan noted the Lieutenant-Governor had also promised a new four-oared shell to the Kelowna Rowing Association. He expected the donation to increase interest in the sport in the interior.

### TUNEFUL MUSICAL COMEDY ROMANCE AT THE DOMINION

Hailed as the greatest musical comedy romance of the year, the new DeSylva, Brown and Henderson Fox Movietone picture "Just Imagine," opened at the Dominion Theatre yesterday and lived up to the glowing advance notices.

"Just Imagine" has its setting in 1900. David Butler, who directed the first DeSylva, Brown and Henderson picture, "Bunny Side Up," served in a like capacity, as did Seymour Felix, dance director, and each did admirably. Sparkling El Brendel heads the big cast, which includes Maureen O'Sullivan, John Garrick, Marjorie White and Frank Albertson.

### VICTOR McLAGLEN IS AT THE PLAYHOUSE IN ROMANTIC DRAMA

Just as it takes "nine tailors to make a man," it takes nine countries to make a Victor McLaglen picture, according to a survey of birthplaces of the people who made his latest Fox Movietone vehicle, "A Devil With Women," now attracting capacity crowds to the Playhouse Theatre.

"A Devil With Women" has a foreign background, being laid in a mythical

### Where To Go To-night

As Advertised

### ON THE SCREEN

Capitol — "Kismet," with Otis Skinner.  
Coliseum — "Song of the Flame," starring Alexander Gray.  
Columbia — The Marx Brothers in "Animal Crackers."  
Dominion — "Just Imagine," with John Garrick.  
Playhouse — Victor McLaglen in "A Devil With Women."  
Royal Victoria — The Seattle Symphony Orchestra.  
Crystal Garden — Swimming! Dancing and Miniature Golf.

### Central American country with a bandit uprising serving to motivate the exciting action of the story. McLaglen plays a "natural" role, that of an adventurous soldier of fortune, Humphrey Bogart, is his rival in love and companion in war.

### ORIENTAL SPLENDOR AND WIERD MUSIC IN PICTURE AT CAPITOL

The jazz breaks of the saxophone and the muted, crooning, so prevalent in motion picture sets during the reign of musical revues in Hollywood, were supplanted by the dulcet tones of Persian flageolets during the filming of "Kismet" at First National Studios. The picture, starring Otis Skinner, is now at the Capitol Theatre.

The exotic instruments required for this spectacular picture were procured from the East, and each was reproduced with absolute technical correctness based on the most painstaking research. The story of "Kismet" is laid in eighth century Bagdad, with all the glory and picturesqueness that characterized that Oriental city when it was the greatest trade centre of the civilized world.

### "ANIMAL CRACKERS" STARS HARPO MARX HERE AT COLUMBIA

A few years ago Harpo Marx decided he needed some lessons to improve his harping, and arranged for them with a famous teacher at the rate of \$10 per half hour.

When the instructor first saw him play, he tore his hair and wept. It was not only his barbarous technique, but Harpo did it—was impossible. He did everything wrong, even to tuning the instrument so that nobody else on earth could play it.

Harpo, one of the Marx Brothers featured in Paramount's new talking riot "Animal Crackers," at the Columbia Theatre to-day, hasn't rectified himself yet as to why the tutor, and not Harpo, got paid for that service.

### STAGE STAR PLAYS AT THE COLISEUM IN "SONG OF FLAME"

Alexander Gray, who played the lead with Marilyn Miller in both the stage and screen versions of "Salome," is cast as Prince Volodya, one of the romantic leads in "Song of the Flame," the all-technicolor and Vitaphone operetta, now showing at the Coliseum Theatre.

Gray was a Ziegfeld star before being signed for films. So confident was First National of the young actor's baritone voice and screen personality that he was cast in his fifth picture, "Song of the Flame," before any of his four earlier ones had been released.

### Pender Island

The first butterfly of the season was seen on Pender Island on Saturday, January 31.

Mrs. and Miss McLaughlin of Kelowna have been guests of Mrs. J. A. Brackett, Brownling Harbor, during the last week.

Friends of R. S. Corbett of Hope Bay will be glad to know that he is recovering from his recent operation at the Jubilee Hospital, Victoria.

Mrs. A. H. Menzies, Mrs. W. B. Johnston and Mrs. S. P. Corbett attended the Presbyterian meetings of the Women's Missionary Society of the United Church in Victoria last week.

Mrs. R. H. Auchterlone and family are spending some time with friends and relatives in Victoria.

Mrs. D. G. MacDonald and son, Ronnie, have returned home after having spent the last two months in Victoria.

Mrs. and Mrs. James Bradley, Hope Bay, are being congratulated on the arrival of a daughter on February 1.

Mrs. J. Armstrong has returned to her home at Bedwell Harbor after some months spent at Bella Coola, where she was relieving as matron of the United Church Mission Hospital.

### If Ruptured Try This Free

Sent Free to Prove This

Apply it to Any Rupture, Old or Recent, Large or Small and You Are on the Road That Has Convinced Thousands

Every ruptured man or woman should write at once to W. S. Rice, 1285-5 Main St., Adams, N.Y., for a free trial of this wonderful remedy. Just put it on the rupture and the opening closes naturally so the need of a support or truss or appliance is eventually done away with. Don't neglect to send for the free trial of this Stimulating Application. What is the use of wearing supports all your life if you don't have to? Why run the risk of gangrene and such dangers from a small and innocent little rupture, the kind that has thrown thousands on the operating table? A host of men and women are daily running such risk just because their ruptures do not hurt or prevent them from getting around. Write at once for this free trial, as it is certainly a rupture that has had a life-saving treatment. Try and write at once to W. S. Rice, Inc., 1285-5 Main St., Adams, N.Y. (Adv.)

### Automobile Club Will Hold Annual Meeting To-night

Installation of officers for the ensuing year, an address by His Honor the Lieutenant-Governor and reports from retiring officials will feature the annual dinner meeting of the Victoria branch of the Automobile Club of British Columbia in the Chamber of Commerce dining-room this evening. The function will commence at 8:30 o'clock.

Rev. Montague W. J. Bruce, president last year, will open the meeting, handing over the reins of office to J. H. Beatty, M.P.P.

Matters of general interest to the owners of cars will be discussed. These will probably feature safety responsibility laws.

A musical programme and moving pictures of the Cariboo Highway caravan, presented by Major Gordon Smith of the Provincial Publicity Bureau will complete the evening.

### COMEDY ROLES IN "BOCCACCIO"

Delightful Opera to Be Presented at Royal Victoria To-morrow and Saturday

In the production of "Boccaccio," the famous comic opera by Von Suppe, which will be presented at the Royal Victoria to-morrow and Saturday nights, Mrs. de Turczynowicz has followed not the Italian tradition, but the Viennese school of this opera. The Viennese school of this opera, the Italian school introduces women to sing the parts of "Boccaccio" and his student friends, while in the Viennese school, the parts are sung by men.

Mrs. de Turczynowicz considered this country the lovers of opera would also like to hear these parts taken by men's voices.

Musically the performance will adhere to the class traditions, even to the keeping of the correct tempo of the opera throughout, a difficult thing to accomplish. Frank Sehl will conduct the large orchestra which is to be a feature of the production.

The opera, "Boccaccio" deals in a fantastic, humorous way with the adventures of the famous short story writer in Florence, a city whose citizens had especially suffered from Boccaccio's caustic pen and were inclined to be revenged upon him. From this situation grows much fresh, enjoyable comedy.

With the fine balance of the well-chosen and beautifully-trained voices, and the dramatic ability of those taking part, the two performances of this delightful opera are looked forward to with great pleasure by Victoria lovers of music and the drama.

### CLUETT INQUIRY BY OTTAWA IS NOW ADVOCATED

Toronto, Feb. 4.—Pall inquiry by the Canadian Government into the circumstances surrounding the killing of Captain William Cluett of the motor vessel, Josephine, by United States coastguards is asked by the executive of the Navy League of Canada in a resolution passed here.

The resolution also asks the government to take such diplomatic action as its opinion is warranted to secure full reparation for the loss of life and property of the Canadian citizens, "if lawfully operating said ship under Canadian registry."

### PROMINENT CANADIANS TO JUDGE CLARK SOUP LABEL CONTEST

A contest of widespread interest has just been announced by W. Clark & Co., Limited, of Montreal, who are looking for a new and distinctive label for use on their various lines of canned soups.

The fact that the company is contemplating changing its soup label is in itself interesting to the public, and the added fact that the company is throwing open to all Canadians the opportunity of creating a label is doubly interesting.

The Clark contest is open to all residents of Canada, but no contestant will be permitted to submit more than three designs. Entries must reach the Label Contest Department of the company (Box 294, Montreal) not later than March 25. The label designs must be made up in the standard label size for the 10-oz. soup can, and must be on paper, unmounted, so that they may be fitted around cans for judging. They are to feature the words "Clark's Vegetable Soup" and to allow space for the additional reading matter which now appears on the Clark's Soup labels. There are no restrictions regarding the number of colors to be used. The entries are to be signed by fictitious names and are to be accompanied by sealed envelopes containing the contestants' real names.

The company has announced its contest in newspapers throughout Canada, and already great interest in the contest has been shown.

In order to assure a truly representative judgment in selecting the winning design (for which the first prize will be \$300; second prize, \$100; with four other prizes of \$25 each) the list of judges includes two ladies, one prominent grocer and a director of retail display, representing the sellers of food products; two artists; and a member of the Clark firm, as follows:

Mrs. J. J. Creelman, regent of Montreal Municipal Chapter, I.O.D.E.; Mrs. Wilfred Bovey, regent of Robert Louis Stevenson Chapter, I.O.D.E., Montreal; Mrs. A. A. Clark, vice-president, W. Clark Limited; Mr. James Crockett, prominent Montreal commercial artist and designer; Mr. E. LeMessurier, artist, director of Stevenson & Scott Ltd., Advertising Agency; Mr. R. LeMeux, director of display, T. Eaton Co., Montreal; and Mr. R. H. Paul, of Walter Paul Ltd., prominent Montreal grocer.

The judges will take into consideration the originality and appropriateness of the design to a food product; its value in dressing up the individual can; and its value in creating display through the massing of cans on shelves or counters or in store windows.

Judging will take place as soon after March 25 as possible and contestants will be immediately informed of results by letter as well as by advertising in the press.

### TWO FACTORS BOOST SCHOOL BOARD BUDGET

Increase of \$20,000 in Expenditure Will Mean Half-mill on Tax Rate

Teachers' Increments and Loss of Saanich Revenue Affect Estimates

With the increase made up through ordinary increments in teachers' salaries combined with a drop in receipts, the Victoria School Board will require over \$20,000 more to administer the city schools this year than last year, according to estimates approved at a special meeting of the board yesterday evening.

The additional sum on the budget will mean approximately an extra half mill on the tax rate. The City Council has yet to give its final approval to the budget, however.

The estimated expenditure for the year is \$505,521.04, as compared with an actual expenditure of \$487,203.54 last year. The estimated receipts for this year are \$197,109, against \$181,455.56 last year.

TRY HARD TO KEEP IT DOWN

The budget, as adopted yesterday evening, shows a determined effort on the part of the board for economy in face of the serious financial situation faced by the city. Despite the fact that nearly \$14,000 additional is required for teachers' salaries and repairs to buildings, the board has slashed hard at minor items to keep the increase as small as possible. Over \$5,000 was dropped off the furniture expenditure of last year while a number of accounts were reduced by sums ranging from \$500 to \$100.

In the receipts the drop is caused through elimination of Saanich students from Victoria High School.

The final draft which will be submitted to the council is as follows:

Janitors' salaries	\$22,487.23	\$22,000
Janitors' supplies	2,858.59	2,900
Fuel	23,038.96	23,000
Water	20,000.00	20,000
Electricity	1,153.97	1,100
Sanitary services	7,174.45	6,500
Canteen	1,103.25	1,000
Manual training	1,103.25	1,000
Medical and dental	1,103.25	1,000

### FRENCH-CANADIAN BANKER DEAD

Montreal, Feb. 5.—Tancred Bienvenue, one of the senior bankers in Canada, died here early to-day after an illness of two months. Mr. Bienvenue had spent thirty-one years in the service of La Banque Provinciale and had previously worked for the now defunct Banque Jacques Cartier.

When he retired, sixteen months ago, Mr. Bienvenue was vice-president and general manager of La Banque Provinciale. He was seventy-nine years of age.

### UNIVERSITIES IN SPAIN CLOSED

Madrid, Feb. 5.—Universities in Spain yesterday were suspended for a month under a royal decree. The government said all its means of pacifying the striking students had been exhausted.

A preamble to the decree said the students evidently in under revolutionary influences, attempting to bring disorders in the country. It added the university sessions must be closed to permit a clear atmosphere for the coming parliamentary elections.

Possibility of further revolutionary attempts was seen in the action of leaders of the Spanish Socialist Party, who prepared a manifesto saying the party would use every means possible, including violence, to overthrow the Spanish monarch.

### More Subscribers Needed For Lady Minto Hospital

Ganges, Feb. 5.—The annual general meeting of the Lady Minto Hospital was held in the Mahon Hall, Ganges, on Jan. 30.

Rev. Canon J. W. Flinton, president of the Hospital Board, stressed the urgent need for more subscribers.

He tendered, on behalf of the Board of Directors and the Hospital staff, gratitude to the Ganges Chapter, I.O.D.E., the Guild of Sunshine and the Women's Auxiliary to the hospital, for help and support during the year.

Treasurer Moul presented a comprehensive report and congratulated subscribers on the fact that in these times of general financial depression, the Board of Directors closed their financial year of debt. He said that in common with most organizations, during the year the hospital had suffered somewhat from decreased revenue. Due to a falling off in the number of hospital days from the corresponding period in 1929 of from 1104 to 864, revenue from patients' fees and Government per capita grants has been much less. Owing to a lesser number of hospital days in the period just closed, the per capita cost was a little higher than usual, being \$3.95. The

## "I always drink Chase & Sanborn's Coffee" . . . writes vivacious Canadian Screen Star

## PAULINE GARON

"Its flavor is rich and potent, but not too strong," she continues, "and its fragrant aroma is certainly appetizing." Full of charming gaiety, Pauline Garon is a Montreal girl who is responsible for making "Le Spectre Vert," America's first French talkie.

CHASE & SANBORN'S Coffee is rich and potent because it's always fresh. Twice each week, your grocer gets it fresh from the roasters, delivered as speedily as any other perishable fresh food.

Every tin of Chase & Sanborn's Coffee is sealed air-tight in the New Vacuum Tin, immune to deteriorating exterior influences.

Enjoy fresh coffee every day . . . Chase & Sanborn's in the New Vacuum Tin. Order now.

Half and one pound tins

Every time you see Standard Brands Limited delivery trucks on the streets of your city, remember this: besides delivering Fleischmann's Yeast, they are also rushing Chase & Sanborn's fresh VACUUM Packed Coffee to your grocer. Buy it fresh from him.

"Buy Made-in-Canada Goods"

## CHASE & SANBORN'S TEA and COFFEE

treasurer urged the necessity of more of E. Walter, seconded by Mr. Price, of Mr. Horel, and Mrs. Rush in place subscribers. The election of officers the retiring board were re-elected on was then called for, the resignation of bloc, with the addition of two new given D. S. Harris and W. J. Page, who J. Horel being accepted. On the motion members, the Rev. Wm. Allan in place acted as auditors.

## You can't expect QUAKER QUALITY in ordinary oats!

Only Quaker Oats can give you the incomparable Quaker Flavour and Rich Nutrition

QUAKER OATS are superior to other oats, because only firm, plump, sun-ripened grain is used, milled by the exclusive Quaker process, rolled to a succulent, flaky tenderness . . . roasted to bring out the fresh, nut-like flavour which distinguishes Quaker Oats above all others.

Seventy per cent. of the day's entire work is done between breakfast and noon. This drain on energy requires a sustaining hot breakfast. That is why authorities universally recommend Quaker Oats.

Quaker Oats contain 16% protein, for growth . . . 65% carbohydrates, for energy . . . an abundance of health-giving minerals and vitamins.

Because pre-roasted, Quick Quaker is ready in 2½ minutes after the water boils. Costs only one cent a meal.

Order Quick Quaker Oats today. Large household packages and small 10c. size. All Quaker packages contain coupons with which you can get valuable premiums.

But don't expect the deliciousness and nourishment of Quaker Oats unless you get the Quaker package.

A surprise in every package marked "Chinaware" Each contains a piece of genuine English chinaware, attractively patterned. Beautifully coloured and distinctively shaped and bordered.

## QUICK QUAKER OATS

Cooks in 2½ minutes after the water boils

## TELEPHONE CLASSIFIED ADVERTISING TO E4175 OR E4176—WE WILL CHARGE IT

### Victoria Daily Times

JANUARY AUDIT BUREAU CIRCULATION

TELEPHONE  
CLASSIFIED ADVERTISING TO E4175  
OR E4176

CLASSIFIED ADVERTISING RATES  
15¢ per word per insertion.  
Minimum charge, 25¢.  
Maximum charge, \$2.50.

In computing the number of words in an advertisement, estimate groups of three or less figures as one word. Dollar marks and all abbreviations count as one word.

In estimating the number of lines in an advertisement, count five words for the first two lines and four words for the remainder. This is not an absolute rule, but a guide to the number of lines which depend on the length of the individual words.

The Times will not be responsible for more than one incorrect insertion. Any advertisement ordered for more than one insertion will be inserted on account of proof or omission must be made within thirty days from the date of the same, otherwise the claim will not be allowed.

Advertisers who desire it may have replies addressed to a box at the Times Office and forwarded to their private address. A charge of 10¢ is made for this service.

Subscribers wishing their addresses changed should notify this office, as well as the carrier. If your Times is missing, please notify before 9 a.m. and a copy will be sent by special messenger.

INDEX TO CLASSIFIED ADS  
The eight major groups of Classification appear in the following order:  
Announcement classifications . . . 1 to 18  
Employment classifications . . . 19 to 24  
For Sale—Wanted classifications . . . 25 to 32  
Automotive classifications . . . 33 to 38  
Real Estate classifications . . . 39 to 44  
Business Opportunities classifications . . . 45 to 55  
Financial classifications . . . 56 to 57

### BOX REPLIES AVAILABLE

Letters addressed to the following boxes are available at The Times Office on presentation of "box tickets." Maximum results are obtained by advertisers who follow up replies promptly.

## ENGLISH HERBAL DISPENSARY LTD.

1539 Davis St., Vancouver, B.C.  
Established 25 Years

## NEWS IN BRIEF

From plans prepared by Eric Clark, Union Building, a six-story bungalow is being erected by E. A. Higgins on Glanford Avenue, Saanich, for M. L. Clarkson, costing \$5,000.

The meeting of Anglican Sunday school superintendents and teachers which had been arranged for Thursday evening in the Memorial Hall has been cancelled owing to unavoidable circumstances.

Speaking on the subject "Is a University Worth While?" Dr. D. Buchanan, M.A., Ph.D., F.R.S.C., will address the University Extension Association at Victoria College this evening at 8.15 o'clock.

E. C. R. Bagnshaw, late of the firm of Bagnshaw and Company real estate and insurance brokers, has severed his connection with the Griffith Company and is now with the firm of Pemberton, Vancouver, real estate and insurance brokers.

The annual meeting of the British Columbia Division of the Canadian Red Cross Society will be held in the Hotel Georgia, Vancouver, to-morrow, commencing at 10.30 a.m. It is hoped that all those interested in the work of the society will endeavor to be present.

M. G. Nichols, of the Central Survey District of British Columbia, will give an address, dealing particularly with gold mining in his district before the Vancouver Island Prospectors' Association in the City Centre Hotel, 735 Yates Street, at 8 o'clock to-night. Lantern slides will be used. All are invited to attend.

James A. Smith, Vancouver, is the new chief censor on the provincial censorship board. His appointment as successor to Joseph Walters, who asked to be relieved of some of his duties because of continued ill health, was ratified yesterday by order-in-council. Mr. Walters will remain a member of the board.

Donald Boyd, Vancouver's "Yo-Yo" champion, will invade Victoria on Saturday to demonstrate the latest and most spectacular manipulations of this fascinating toy. He will give an exhibition in the Crystal Garden at 11 o'clock in the morning, and will spend the afternoon and evening with four appearances at the Playhouse Theatre. Boyd, while visiting Olympia, Washington, competed against the Philippine champion and won every event.

The appointment of A. E. Richards, B.S.A., M.A., of Agassiz, B.C., to the staff of the agricultural branch of the Dominion Department of Agriculture is of special interest to the agricultural community in the province. Mr. Richards is a graduate of the University of British Columbia, and has been in the service of the department since 1910. He is a qualified expert in the various branches of agriculture, and has been actively engaged in economic studies relating to the fruit and dairy industries in the province and to farm conditions generally.

To eliminate as far as possible chances of prisoners breaking jail, the Department of Public Works has issued tenders for flood lighting of the exterior of the Oakeside Prison. The following bids were opened yesterday by Mr. R. W. Bruhn, Minister of Public Works: Frank McKinnon and Co. Ltd., \$5,082; Electric Power Equipment Ltd., \$4,750; C. H. E. Williams Co. Ltd., \$4,340; Universal Electric Ltd., \$4,134; Sidney Darnborough Ltd., \$3,883; Hume, Rumble Ltd., \$3,800; Frank Lane, \$3,718; F. J. Archer, \$3,678; Farr, Robinson and Bird Ltd., \$3,590; Moulton Electric Ltd., \$3,540; J. R. McKinnon Ltd., \$3,350; and C. Carter, \$3,330. The tenders were referred for analysis and report. Vancouver and New Westminster firms participated.

The Men's Club of the Oak Bay United Church held its monthly supper meeting on Tuesday night last, in the school auditorium. J. R. Scoby, manager of the Dominion Bank, gave an interesting talk on present-day international finance. The hearing of gold by a few countries was to a great extent responsible for the present conditions of world trade, he claimed. The speaker looked for beneficial results from the establishment of international banks which would obviate the necessity of the shipment of gold from one country to another and act as a clearing house for the adjustment of credits between the various countries trading with each other. A vote of thanks was accorded to the speaker and the ladies of the church who superintended the supper arrangements. The club decided to sponsor the father and son banquet to be held this month in connection with the church.

## INSURED OWNER OF CAR, BUT FIGHTS CLAIM

### General Casualty Insurance Company Carries Death Claim to Appeal Court

The British Columbia Court of Appeal this morning resumed hearing the appeal of the General Casualty Insurance Company against a Supreme Court judgment by Chief Justice McRae, which awarded \$5,000. The case is proceeding this afternoon, with H. R. Bray representing the Insurance Company, and H. Alan Maclean appearing for McKnight.

McKnight had taken insurance with the General Casualty Insurance Company against liability for injury by his car to any person and also against damage to his automobile. When traveling along the Kamloops Highway, near Tranquille, the car upset and a passenger in it was killed. The parents of the deceased obtained judgment against McKnight for damages. The case was contested by the company on behalf of the respondent, but liability was afterwards repudiated, intoxication being alleged, a condition which voided the policy. The trial judge held that evidence as to respondent's condition was unsatisfactory and insufficient, and that it would be inequitable to give effect to the company's supplemental defence that the conditions of the policy, as to notice, had not been observed by the insured McKnight.

## WOMAN FARMER OF PEACE IS RAIL ADVOCATE

### Mrs. E. L. Crawford of Fort St. John Here to Interview Premier Talmie

### Widow Went Into "The Block" in 1913 and Now Farms Thousand Acres

There is a stout-hearted woman at the Empress Hotel to-day who has traveled from one of the farthest corners of the province to tell Premier Talmie and the British Columbia Legislature that the Peace River Block must have a rail outlet on the Pacific coast.

Mrs. E. L. Crawford, an elderly silver-haired woman of pleasing voice, is a pioneer of the Peace country, hailing from Fort St. John, B.C. She is president of the Conservative Association of Fort St. John.

Mrs. Crawford arrived in the city yesterday evening by the Canadian National boat from Vancouver and early this morning she was in the city.

She expects to remain here for the opening of the Legislature next Wednesday.

### NEED IN RAILWAY

"The great need of the Peace River area is a railway," said Mrs. Crawford in an interview. "We have need of settlers of the right type and when the railway comes thousands of settlers will pour into the district. We hope the time is not far distant when a rail outlet to the Pacific coast will be established."

It was seventeen years ago that Mrs. Crawford went into the Peace River country to take up land. A city-bred woman who had always had a desire to farm, her chief assets, besides a determination to make good, were small capital and some trunks of utterly unsuitable clothing which still remain unopened.

In those days practically none of the 600 miles which lie between Edmonton and Fort St. John, were tapped by the railway. The railway has not yet reached Fort St. John. In 1913 Mrs. Crawford could only get as far as La Biche, the greater part of the trip from Peace River Crossing to Hudson Hope being made by canoe, a journey occupying eight days.

Mrs. Crawford spent considerable time in looking over the land before she picked out 160 acres as a home.

### MIXED FARMING

She now farms approximately one thousand acres. The future of "The Block," as she terms it, lies in mixed farming.

Mrs. Crawford puts this theory into practice by owning sixty head of pure-bred cattle and pens of fifty pigs. She gives credit for much of her success to government extension farms.

"I depended upon them almost entirely for advice," she said. "I don't think people realize what these farms are doing for farming communities and I don't believe they are used to the extent they should be. I have always found experimental farm officials ready and willing to aid."

## CEMENT DUST CASE IN HANDS OF JURY NOW

### Ten Days of Testifying By Witnesses Comes to End

The cement dust case was due to go to the jury late this afternoon.

For ten days Mr. Justice Gregory and jury have listened to an uninterrupted procession of witnesses testifying for and against the claim of the Malahat Park Ltd., that dust from the B. C. Cement Company's plant at Bamerton has caused ruination to the surrounding properties.

The park company, which had plans to build a hotel, golf course, fishing club, beach bathing pavilion and a general country club resort, is suing the cement company for unstated damages.

"What under the sun was the chance of building a golf course there when, under the property's reservation agreement, it might be converted into a logging camp at any time within ten years?" H. A. Maclean, K.C., counsel for the cement company, asked in his two-hour address to the jury. He argued that the resort company could not go ahead because of conditions in its own organization and so it could not suffer damage.

Mr. Maclean claimed that the advertised Sandy Beach, far from being the only natural beach on Saanich Arm, was highly artificial.

H. B. Robertson, K.C., counsel for the Malahat Park, started his address to the jury at noon. He noted from the cement company correspondence to the jury at noon. He quoted from a letter to the effect that the plant acquired 1,000 acres adjoining the plant.

## FATHERS AND SONS TO MEET

Following a most successful mother and daughter banquet held at First United Church last week, the boys and their fathers plan a get-together for to-morrow evening.

## CANADIAN CLUB LUNCHEON TO BE HELD TO-MORROW

The Canadian Club luncheon, at which Mr. Justice W. M. Martin of Saskatchewan will speak, will be held to-morrow, not Saturday, as was previously announced. The subject will be "Canadian Autonomy."

## FIRST UNITED PROGRESS TOLD CONGREGATION

### Large Attendance Marked Annual Meeting Held Yesterday Evening

### Receipts of \$28,147 Included Over \$10,000 For Missions; New Organ Proposed

The sixty-ninth annual meeting of First United Church was held yesterday evening, the attendance at the church, the largest of the city, being the largest recorded since Rev. W. G. Wilson, D.D., became pastor. Preceding the business meeting a well-attended supper was held in the church schoolroom, the arrangements being in the hands of the Ladies' Guild.

Notable advances in all the activities of the church were reported by the committees when S. J. Drake, chairman, called the meeting to order at 7.30 o'clock. The managers reported that the gross receipts had amounted to \$28,147.10, of which more than \$10,000 had been allocated to missionary and benevolent objectives.

The various women's and missionary societies had raised over \$2,000; the Women's Guild had earned more than \$1,400; the Young People's department raised over \$1,100, and the Sunday schools contributed \$1,784 during the year. In addition the Bible Society and the Lord's Day Alliance had each been given \$125 by the congregation.

### MORTGAGE REDUCED

The mortgage on the church property had been reduced from \$6,500 to \$4,750, that being the only remaining indebtedness of the church.

A substantial increase in the congregation, fifty-eight new members having been enrolled during the year to bring the membership up to a total of 1,344 persons. The average attendance at communion throughout the year was 943 persons, average attendance running well above 1,000.

The session having decided that its strength should be increased from its present membership of thirty-nine, by the addition of six new members, nominations were called for and twenty-nine candidates suggested. All will be interviewed and the names of those who will be submitted to a ballot, to be taken shortly. The session will therefore have a personnel of forty-five members.

The new members of the board of managers were: Fred Adams, S. J. Drake, Frank Calver, F. M. Nelson, Elsie Hall, Lloyd Matthews, Gregor, T. E. Yull and Harvey Boale.

### ORGAN PROPOSALS

A special committee reported upon the new organ which it is proposed to purchase as soon as funds are available. The committee estimated at about \$16,500, complete, a new organ which the congregation already had a nucleus of \$2,000, chiefly as a result of the activity of the Ladies' Guild.

Mr. Drake stated that the choir was planning an extensive programme of events for the benefit of the organ fund.

### MANY REPORTS

Reports presented and adopted were as follows: Mission committee, A. S. Denry, B. J. Drake, S. J. Drake and W. F. Adams; church school, Saunders, Women's Missionary Society, Jessie Smith; Women's Guild, Mrs. Conibear, R. E. Jones, McFarlane; Young People's Society, Gordon; Young People's Tennis Club, Gordon; Young Women's Missionary Society, Miss Pearl Bours, Sunday School, Professor S. S. Farr and John I. Smith; young people's department of Sunday School, Mrs. D. McPherson, R. E. Howell; Canadian Girls in Training, Miss Jean McRae; Tuxis group, W. Fletcher; Presentation, Robert Whyte.

Alfred Huxtable, operator of the lantern used to illustrate Rev. Dr. Wilson's Sunday evening scripture address, was presented with a silver badge and gold pencils were presented to Jack Smith, Sunday School treasurer for ten years, and to Thomas Smith, secretary of the school for twelve years.

A special vote of thanks was tendered to the church choir, the choir provision of flowers in the church, and to the ladies' guild.

Votes of appreciation of their services were also tendered Rev. Dr. Wilson, and Rev. Bruce Gray.

## WOMAN BUYS NEW APARTMENT

### Rockland Avenue Residence to Be Erected at High Point

Sale of the new two-story Moxam apartment house at Cook and Chapman Streets was completed to-day by C. E. Keaswood, manager of the business property department of Pemberton & Son.

The purchaser is a wealthy woman who has made an investment in the property for permanent income. The price of the sale was \$100,000. The apartment house was erected at the end of last year.

### TO ERECT ROCKLAND AVE. HOME

Erection of a distinctive Rockland Avenue home for a new arrival in Victoria, who has decided to make his home here, will follow the purchase to-day by this man at a price of \$20,000 of the corner of Terrace Avenue and Rockland Avenue. The property is just at the bend of the high point of the city, overlooking the new residence of Capt. Molson, and commanding an uninterrupted view of the Straits, the Olympic Mountains on the south and toward Mount Baker in the East. Howard Savage and P. L. James, architects, are preparing plans for a structure to suit this special site.

Special services will be held at the Tabernacle of the Christian Alliance, Yates Street, this evening, at 8 o'clock, and to-morrow evening, at 8 by Rev. W. I. McGarvey.

## ROTARY CLUB MOVES TO AID NEW ZEALAND

### Motion Introduced at Club Luncheon To-day to Give Help to Quake Victims

### Fine Solos Enjoyed by Club- men; Novel Attendance Stunt Well Received

A move, to send some concrete aid to the members of Rotary Clubs in the part of New Zealand which suffered from the earthquake, and to extend a formal vote of sympathy to them, was considered by local Rotarians at their luncheon in the Empress Hotel to-day. The matter was referred to the board of directors.

Alderman James Adam suggested a message of condolence be sent to the inhabitants of the demolished district. E. C. Hayward, reeve of Oak Bay, thought that the message should take more concrete form and that some donation should be forwarded. The club voted itself as being in favor of this and left the arrangements in the hands of the directors.

A resolution effecting several changes in the club's constitution, with particular reference to honorary membership, introduced by Alfred Carmichael, was passed.

### ENJOY SOLOS

During the luncheon, Miss Marlen J. Cody, a former Victoria singer, who has been studying in the United States, delighted the gathering with the selections, "I Love a Lady" and "Sweet Mystery of Life." She was accompanied by Major Harry Watt at the piano.

The remainder of the meeting was taken up with a novel acquaintance stunt in which eighteen members of the club lined up as baseball teams and introduced a number of new Rotarians to the gathering.

The team captained by John Johnson won the contest.

### GOLF WINNERS

P. B. Surraah and R. W. Mayhew were announced joint winners of the Rotary golf tournament held at the Gorge Vale Golf Club yesterday. Both were credited with net scores of 89. J. V. Johnson turned in the highest score, with a total of 129.

In reporting on the tourney, T. O. Mackay expressed his appreciation of the courtesy extended to the club by the management of the Gorge Vale course and spoke highly of the greens.

## LARGE AUDIENCE HEARS STUDENTS

### Piano Pupils of Oliver Stout Give Recital; Certificates Presented

A delightful programme of music was rendered at a students' recital given yesterday evening by a number of pupils of Oliver R. Stout in the New Thought Temple, Port Street, before a large gathering of pupils, parents and friends. The programme consisted of thirty-one pieces, mostly of the lighter and more popular type, and was well received and the splendid efforts of the pupils merited the warm applause given by an audience which was decidedly appreciative of the good work done by the pupils.

The following pupils contributed piano selections: Victor Little, Harvey Godel, Vera Wood, Laverne Sanda, Reginald Fleming, Viola Sanda, Ronald Nelson, Elsie Hall, Lloyd Matthews, Joan Walker, Dorothy McConnell, Lilian Painter, Faith Caley, Dorothy Gladstone, Margaret Merry, Alice Craig, Edith Crocker, Elsie O'Connor, Jean McDonald, Ian Grant, Kathleen Gurney, Daisy Robbins, Ruth Appleby, Evelyn Anderson, Arnold Day, Doris Henry, Virginia Chatter, Dorothy Day and Dorothy Little.

At the conclusion of the recital the following pupils were presented with certificates awarded by the London College of Music, London, England, for passing the last local exam certificate, Dorothy Little, intermediate section, with honors, Faith Caley, first class certificate, Evelyn Anderson, Harvey Godel and Jessie McDonald, pass certificate, Victor Little, intermediate section, with honors, Ian Grant and Edith Crocker, elementary section, with honors, Eileen Brinn, section certificate, Jean McDonald and Eleanor O'Connor, first class certificate, Alice Craig, first class certificate, Gladstone, Margaret Merry, Jean Sloan and Joan Walker, pass certificate, Elsie Hall.

A special book prize from the L.C.M. was presented to Ian Grant, a very promising young pupil, for obtaining high marks in the intermediate examination.

## BRITISH PUBLIC SCHOOLS CLUBS NAMES LEADERS

William Mackay was elected president of the British Public Schools Club for 1931 at the annual meeting held yesterday evening in the clubrooms, Langley Street. Other officers elected were: Vice-president, Col. W. Ridgway; president, D. F. Arvon, L. G. Blissett, Capt. O. Cox, W. Downes, H. B. Foster, J. H. Frank, J. Graham, J. Johnson, G. Norman, F. E. Parker, A. V. Price, F. Saxton-White and Col. A. F. M. Slater; auditor, Stewart Clark and F. Lewin.

During the evening, Rev. Montagu Bruce, retiring president, gave a very satisfactory report of the year's activities and extended a vote of thanks to all who had assisted him during his tenure of office.

Cups were presented to D. A. Macdonald and Capt. Cox, winner and runner-up respectively, in the Public Schools Club's golf tournament, and to N. W. Pirrie and P. H. Hughes, winner and runner-up in the billiard championship.

## PHILCO

### A New Radio- Phonograph Combination

### Record-breaking Value

### 170.50

Philco has done something that has never before been possible in radio... made a dependable radio-phonograph combination to sell at \$170.50. It is something entirely new in radio value!

See this new 7-tube screen-grid radio with its all-electric phonograph. Test its tone quality... compare its value with any other radio on the market. Your own judgment will tell you it is sensationally priced!

## FORMER LOCAL RESIDENTS IN QUAKE CENTRE

### Mr. and Mrs. Albert Willis and Family Lived in Napier; Niece Also There

Among former Victorians who were residing at Napier at the time of the disastrous earthquake on Tuesday were Mr. and Mrs. Albert Willis and several members of their family. Mr. Willis is a brother of Frank H. Willis, of the Scott Apartments, and was prominent in the building trade here thirty years ago. No word has been received as to how they fared in the disturbance.

While here Mr. Willis was foreman for Smith and Elford, contractors, and was employed on the construction of the present post office and the Brunswick and Vernon blocks.

Mrs. Fred Good, wife of the city engineer at Prince Rupert, is a daughter of Thomas Willis, another brother of Frank Willis, who also resided here for a time, lives in Wellington, N.Z., and his daughter Gwynne had her home in Napier.

## LOCAL MAN GIVEN IMPORTANT POST WITH ENGINEERS

### K. M. Chadwick Elected Councillor For Vancouver Island

K. M. Chadwick, M.E.I.C., 1827 Chestnut Avenue, secretary of the Victoria Branch of the Engineering Institute of Canada, this morning received word from Montreal that he had been elected councillor for Victoria and Vancouver Island on the Dominion body at its annual meeting yesterday evening.

Although unable to attend, Mr. Chadwick's name was placed before the meeting and was endorsed for the Island division.

Sam G. Porter, M.E.I.C. of Calgary, was named president, and H. B. Muckleston, M.E.I.C., Vancouver, was elected vice-president.

# Dorothy Dix's Letter Box

**Why Old Married Couples Fail to Display Their Affection in Public—Shall This Man Return Her Love Letters to His Old Sweetheart—May an Illegitimate Child Marry?**

DEAR MISS DIX—When I see a young couple just married they seem very loving, but when I see an old married couple they seldom show each other any affection. Why is this? Do old couples still love each other as they did when they were married, or are they indifferent to each other?

A WONDERING YOUNG GIRL

Answer—A young married couple are loving to each other because youth is the time of hot passion, of ardent emotional experiences, the time of hilling and cooling and petting. Their demonstration is part of the hangover of their court ing days. They are still new to each other and filled with the rapture of possessing each other.

But you will find that the young married couples quarrel as fiercely as they love, and the percentage of divorces among them is much greater than among the old.

Sometimes old married people do not show each other any affection because love is dead in their hearts, and the only feeling they have for each other is mere toleration, and they have too much dignity and honesty to stage a show of an affection that they do not feel.

But the reason that the great majority of middle-aged couples are not always kissing and caressing each other is because they have settled down into a surety of love that needs no outward demonstration to prove it. They have accepted love, as we come to accept other good things in life, as something that blesses them and makes them happy, but which doesn't call for any display.

It is like when we first get a diamond ring or a new car or a pretty frock. We exclaim over it at first and show it off to our friends and are always calling attention to it, but after a while we cease to brag about it and just take it for granted as if we had always had it.

And, anyway, the husband and wife who have loved each other for years and who have done everything in their power to make each other happy feel that they have said it in something more tangible than words. For them to go about assuring each other that they love each other would be as absurd as for a man to go about proclaiming that he is an honest man, or for a woman to tell everybody she met that she is a virtuous wife.

Don't imagine that only the young married people who hold hands in public, and who have to telephone each other half a dozen times during the day while the man is at work, are the only husbands and wives who love.

The greatest romance, the most beautiful love idyll in the world, is not that in which a boy and girl are united at the altar and that ends in a fad of a long-drawn-out kiss. It is the story in which the hero and heroine are an old couple who have loved each other for forty or fifty years, who have worked shoulder to shoulder together, who have hoped and planned together, who have struggled and triumphed and wept and laughed together so long that they have really become one.

They know each other as only a husband and wife can know any other human being. They know all of each other's faults and weaknesses and love them because they are their Maria's or their John's. And that is the kind of love that lasts.

The love of the young married couple is based on illusion. It may stand the shock of finding out that its object is a mere being and not a demigod. The lips that kiss to-day may be turned away in loathing to-morrow. The hands that clasp to-day may stab to-morrow. But the love of the old does not change. It has been tried in the fire and has come out pure gold.

DOROTHY DIX.

DEAR DOROTHY DIX—Should a young man keep old love letters? Not long ago I was in love with a girl and she with me, but we had a misunderstanding and broke off our engagement, though I love her still. I have a number of her letters and she has many of mine. I have thought of burning them, but I don't like to do that. Shall I return them to her?

Answer—Return the letters to the girl by all means. It is the only honorable and chivalrous thing to do, and while you are about it you had just as well ask her to return yours to you and let them go into the furnace.

Old love letters are just about as safe to have around the house as an unexploded bomb. In fact, if you get married and your wife comes across a lot of old love letters from girls, you will find yourself in as much of a mess as you would if you had put a stick of dynamite under your doorstep and then touched it off.

Never, never, never will you be able to explain why Maud or Geraldine or Sally or Sue addressed you as the angel of her soul, the darling of her heart, her man of men, and so on and so forth, nor why she wrote pages upon pages about how she longed for your kisses and the feel of your arms about her, and how many ages it seemed since you said good-bye last night. And though you talked with the tongue of men and of angels you will never convince your wife that you still haven't a lingering tenderness for the authors of these warm missives, and every time you have a quarrel she will come back with a fresh quotation from Maud or Geraldine or Sally or Sue.

Of course, many men keep the love letters girls have written them to prove their prowess with the fair sex, as the head-hunters preserve the skulls of their victims to show what mighty hunters they are. But it is a childish thing of a man to boast of his conquests among the ladies, and satisfied vanity is a poor recompense for putting yourself in that category.

Besides, to keep a girl's letters is most unfair to her. Every woman when she dips her pen in ink takes leave of prudence and writes things that she would never dream of saying to any man alive, merely because it makes her feel poetic and romantic, and she gets a kick out of thinking of herself as a great lover penning an immortal love lyric.

A real gentleman never kisses and tells, and he always sends a girl's love letters back to her so that she can destroy the evidences of her folly.

DOROTHY DIX.

DEAR MISS DIX—I am thirty years old and very much in love with a young woman of the same age. We are not engaged, although I know she loves me, for I feel that I am not worthy of her or anyone else because I am an illegitimate child. I have always worked hard and tried to do as nearly right as I could, but was never able to do any good where I was born, so I went away, worked my way through school, and have had several good jobs. But it matters not where I go, someone bobs up from my home town and tells all about me, and the result is that my associates avoid me, so I feel that I have to move on to some other place and start all over again. However, at thirty I find it is mighty hard to do that and, anyway, I want to settle down and get married, so please tell me what to do. Should people marry who are born into the world as I was?

Answer—Why not? The important thing is not how you were born, but the kind of man you have made of yourself. You seem to have made a mighty good job of that, so I do not see why any woman who loves you would not be glad to marry you and forget all about your birth.

My earnest advice to you is to try to get over the inferiority complex that your unfortunate birth has fastened upon you. It has made you morbid and you attach far more importance to it than it deserves. Several of the most famous men who have ever lived were illegitimate, but they had courage and strength of character enough not to let it ruin their lives, but to make something of themselves in spite of their handicap.

Ask the girl you love to marry you. If she is worth while, she will do it, and then settle down and make your place in society. Don't move any more. And if your cruel and malicious old neighbors pursue you with their gossip, just laugh it off, and ask what of it? If you are making good, neither your employer nor your new friends will care a rap about your pedigree.

## SUPREME COURT RESERVES DECISION ON STOCK DEAL

Canadian Press  
Ottawa, Feb. 5.—Judgment was reserved by the Supreme Court of Canada to-day in the case of Cartwright and O'Brien Limited versus MacInnes, a British Columbia action. MacInnes deposited with the defendants, a brokerage firm, a certifi-

cate for 500 shares of mining stock with instructions to sell if the stock reached thirty cents a share. The sale was not effected as this price was never reached on the exchange. When MacInnes requested return of the stock, an entirely different certificate, though of the same value, was given him. His action for damages was dismissed by the trial judge but the British Columbia Appeal Court awarded twenty-three cents per share damages. It is from that decision that the brokerage firm appeals.

Young wife: I learned to cook while my husband was abroad.  
Ottawa: What did he say when he returned?  
Young wife: He went abroad again.

Ella Cinders—

Ella has arrived at her destination only after having to stop the face of none other than Mr. Luke Drady....

WELL, IT COST ME THIRTY-FIVE DOLLARS TO GET THIS FAR—ANOTHER TEN WOULD HAVE TAKEN ME TO FRESCOTT! I'M SORRY I DIDN'T HAVE THE TEN, BUT I'M EVEN SORRIER THAT I HAD THE THIRTY-FIVE!

LADY, I DON'T CALL IT NOTHING LIKE IT NEITHER! THIS TOWN IS YAWA-TWENTY MILES FROM KIRKLAND AS THE CROW FLIES!

AND TELL ME HAS ANY SENSIBLE CROW EVER MADE THE FLIGHT? I'M A STRANGER HERE, MYSTER, AND I'M LOOKING FOR A JOB! KNOW OF ONE?

MEBEE PETE RUBLE KNOWS OF ONE! HAVE YOU GOT ANY RECOMMENDATIONS?

Mutt and Jeff—

HA HA HA—THAT'S GREAT—MY FRIEND—THE LITTLE NOPOLEON—HAS A GREAT IDEA—HA HA HA—

WE START OFF FOR EUROPE AS STOWAWAYS—ON A FERRY BOAT—WE RIDE THOUSANDS OF MILES WITHOUT GETTING ANYWHERE!

A SIX-DAY BIKE RIDER SEES MORE OF THE WORLD THAN WE DO. AT LEAST HE FALLS OFF ONCE IN A WHILE.

AND THEN WE GET IN THE MIDDLE OF THE RIVER—AND MY LITTLE NOPOLEON WANTS TO RADIO THE DEAR FOLKS BACK ON SHORE!

The Gumps—

WARD TIMES ARE KNOCKING AT THE DOOR OF SCODGE—

OPEN THE DOOR! I KNOW YOU'RE IN—YOU CAN'T ALWAYS BE OUT—PAY ME WHAT YOU OWE ME—

DAY AFTER DAY I COME TO THIS HOUSE—AND KNOCK ON THE DOOR—I TELEPHONE—AND GET NO ANSWER—WHAT ARE YOU GOING TO DO ABOUT THE MONEY YOU OWE ME? WHEN WILL YOU PAY?

CLOSES THE DOOR IN MY FACE—WHEN SHE WANTED ME IT WAS DIFFERENT—WHEN SHE NEEDED THE MONEY—SHE WAS GLAD TO SEE ME—WELL—SHE'LL BE BACK—WAIT!

Bringing Up Father—

I'M SO HAPPY I GOT MY LITTLE PET BACK! THE POOR LITTLE DARLING WOULD HAVE DIED OF A BROKEN HEART—I KNOW IT.

TELL ME WHERE COULD A DOG THAT SIZE PUT A HEART?

WELL—HE PUT A FAST ONE ON YOU—THIS IS THE DOG YOU LOST—I MEAN THE ONE YOU TOLD ME TO HIDE—

WHAT? YOU SAY THAT ONE'S THE REAL 'FIF'? WHERE DID HE COME FROM?

OUT OUR WAY

## Bladder Troubles Bother Many Past 40

Seven Out of Ten Are Victims But  
Writer Tells How "Uratabs" Bring  
Swift, Amazing Relief With  
Renewed Vital Force

"No one knows better than I the horror of joyless days and sleepless nights. There have been times when I felt hopeless and helpless. And when my weakness caused me the most intense humiliation. Only those who have gone through such tortures can possibly realize my great satisfaction when Dr. Southworth's URATABS brought me quick relief. URATABS are truly wonderful, and I give them full praise." Such amazing evidence serves as convincing proof of the power of URATABS to relieve those distressing ailments so often a handicap to those in middle life.

Overworked, sluggish kidneys, and bladder weakness, bring on so many distressing ailments which so often lead to serious diseases that every sufferer from Lamebacks, Pains in back and down through groin, nearly but urinary troubles, "getting up" at night, Nervous Irritability and Lack of Force—should try the amazing value of Dr. Southworth's URATABS at once! And good druggists will supply you on a guarantee of satisfaction or money back. (Adv.)

## DEBT REDUCTION AND SMALLER ARMIES URGED

Suggested German-French  
Relations Could Be Greatly  
Improved

Canadian Press

Berlin, Feb. 5.—A plan for financial rehabilitation of Germany by shutting off half the flow of war payments for two years, at the same time reducing German and French armament expenditures, is advanced by Count Vladimir d'Ormesson.

The scheme, published by The Vossische Zeitung in a special Paris dispatch, is briefly as follows: Both France and the United States would relinquish 50 per cent of reparation payments (presumably meaning war debts in the case of the United States) for a period of two years, ending March 31, 1933.

With this scheme \$50,000,000 gold marks (about \$12,500,000) would be set free annually during that time so Germany could start her industrial machinery again, relieve unemployment and reduce her heavy taxation. It is also held this would have the effect of raising Germany's credit, enabling her to obtain much needed long-term loans abroad.

**ARMAMENT REDUCTIONS**  
The plan makes one condition—that Germany reduce her army and navy expenditures one-twelfth annually. France thus would be enabled to do likewise.

This saving, says d'Ormesson, would effect reduced reparation receipts for France, and he believes moreover that the plan would constitute the first practical step toward disarmament, thereby greatly improving Franco-German relations.

D'Ormesson is widely known in French life and belongs to one of the republic's best families. He is an occasional contributor to reviews on questions of international politics and history.

A high school by-law, specifying a central site, should be submitted to the ratepayers of Saanich, forthwith members of the Ward Four Saanich Ratepayers' Association agreed yesterday evening at Marigold Hall. Speakers asserted that the failure of the by-law to borrow \$70,000 had been solely attributable to the omission of definition of the site.

Complaints were also voiced regarding the present high school accommodation. Abolition by the council of collection of water accounts by the meter reader was objected to, members voicing protests against having to pay water bills at the Royal Oak Municipal Hall. It was remarked that mailing of remittances would substantially increase the cost of water to the consumers as a whole, estimates of the cost of postage and money orders being placed as high as \$1,500 annually.

## ENGLAND'S PRINCES REACH PARIS BY AIR ON WAY TO SOUTH AMERICA

Soon to be the western hemisphere's royal guests of honor, the Prince of Wales (right) and his brother, Prince George, are shown above as they arrived at famous Le Bourget Field, Paris, after an air trip from London. Shortly afterward they sailed for Bermuda, the first stop of their goodwill tour which is to take them throughout South America.

## SETTLEMENT OF LAND IS AIDED BY SURVEYORS

Canadian Press

Ottawa, Feb. 5.—That the tide of settlement which has been flowing westward and northward in Canada, showed no signs of abating during the fiscal year 1929-30, was the statement of K. F. McCusker, D.L.S., in presenting the report of the land settlement committee at the annual convention of the Dominion Land Surveyors' Association in Ottawa to-day.

Mr. McCusker declared that during that period more homesteads and soldier grants were filed at the Grande Prairie and Peace River land offices than in the previous fiscal year, and that the keen demand for land continued into the spring of 1930. West of Smoky River a whole township was settled by a colony of repatriated French Canadians, who had come back into Canada in a body. A fine strip of land, some 200 to 400 miles northeast of St. John in the Peace River district was located in 1927, and settlement was now ninety miles closer to that area than it was at that time.

**WORK FOR CANADIANS**  
"The present tide of settlement," said Mr. McCusker, "differs from that of twenty years or so ago in that it is mostly made up of the surplus of boys born and brought up on Canadian farms. To enable settlement to be carried on in a satisfactory manner the work of the surveyor was of first importance, he said. From the study of oblique and vertical aerial photographs the country could be mapped and a decision could be made as to which areas were swamp lands, timber lands, or possible farming areas. Then the surveyor as he made the subdivision of those latter areas could classify the soil so that the prospective settler could be given full information regarding a suitable homestead."

The present policy of colonization was that first efforts must be directed to getting native sons and daughters on the land and to exercising great care in selecting as new people only those likely to fit in and to succeed.

## HARBOR AT NAPIER MUST BE SURVEYED

Vessels Have Not Berthed at  
New Zealand City Since  
Big Earthquake

Wellington, N.Z., Feb. 5.—Refugees from Napier, stricken city on the east coast of the North Island of New Zealand, to-day said that the war vessel Veronica had been stranded in the harbor there by the earthquake, which lifted the floor of the bay as much as eighteen feet.

The tidal wave which followed the quake left the British naval vessel high and dry, out when the water returned it floated, although the exit to the ocean is barred.

The quake apparently had its epicentre under the sea not far from Napier, and the entire sea bottom rose so much that steamers are not venturing close to the quays pending a fresh survey. The inner harbor, where the smaller craft usually anchored, is now dry.

Some of those who had seen the warship said they did not think it would ever go to sea again, for it was in only six feet of water at high tide.

## CITY'S TITLE TO MT. DOUGLAS CONDITIONAL

Commissioner Oscar Bass,  
K.C., Rules Out Questions as  
to Victoria's Ownership

Refusal by Oscar Bass, K.C., commissioner investigating administration by Victoria of Mount Douglas Park, to permit counsel to interrogate witnesses on matters related to the city's title to the park, featured yesterday afternoon's session of the inquiry at the Courthouse.

E. L. Tait, Saanich counsel, sought to ascertain from H. C. Oldfield, acting reeve of Saanich last fall, whether Saanich had inquired into its powers to expropriate the gravel deposit. The question was disallowed by the commissioner, who held that no expropriation was possible against the Crown. Mr. Tait then urged the permanence of the city's title to the park and again Mr. Bass objected, pointing out that the King could do no wrong and could cancel the grant, especially as it was a conveyance on terms, only valid while those terms were observed.

Mr. Oldfield said he understood Premier Talmie to agree that, while no more trees were to be cut, brushing of the roadway would be allowed. He believed, however, that trees had been felled by workmen, despite their being enjoined not to touch good trees. H. H. Allan, municipal engineer of Saanich, vigorously denied having hurried operations in December to attain complete clearing of the proposed new roadway before any written limit could be placed on Premier Talmie's verbal assent to resumption of work at Mount Douglas Park.

Had Premier Talmie not have given the word authorizing resumption, probably the men would not have had the work so made possible," Mr. Allan told F. C. Elliott, counsel, who sought to establish a theory that other municipal work would have been forthcoming for men in need.

R. Foulis, accountant in the city engineer's office, certified as to money received for sales of gravel.

M. F. Hunter, city clerk, read council minutes supporting a letter from the City Council to Attorney-General Pooley, which stated that Mr. Pooley's protest against work at Mount Douglas was based on representations not founded on fact.

Mr. Elliott asked Mr. Hunter to present council minutes to ascertain whether the city was a consenting party to removal by Saanich of gravel from the park, but the commissioner ruled that the city had tacitly consented and had also shown its attitude by selling gravel itself.

John Baxter, secretary of the Victoria-Saanich Joint Beaches and Parks Committee, said that the city had been without a council since the city was a consenting party to removal by Saanich of gravel from the park, but the commissioner ruled that the city had tacitly consented and had also shown its attitude by selling gravel itself.

## COMMUNISM IN CANADA IS CONDEMNED

Toronto, Feb. 5.—"Russian communism, as practiced in Russia, the use of any degree of force, including death, in order to rob a man of his worldly possessions, if practiced in Canada, would be as illegal as highway robbery or murder, and when anyone advocates the setting up in Canada of that type of communism he is inviting to crime, is a criminal, and should be treated as such," Rt. Hon. Sir William Mulock, Chief Justice of Ontario, declared here Wednesday evening in proposing a toast to Canada at the annual dinner of livestock breeders.

If Canada is to escape the fate which has befallen what were once great nations, she should profit through lessons taught by history before the "seeds of national decay" germinate in our Canadian soil," Sir William declared.

## UNLOADING LIQUOR CARGO FROM SEIZED CANADIAN SCHOONER JOSEPHINE-K.

The Canadian rum schooner, Josephine-K, is shown at the top as its \$38,000 cargo of liquor was being unloaded at the large office in New York harbor. Lower left, inspected by a white seal, is the spot where a one-pound shell tore through the pilot house of the rum boat and mortally wounded Captain William Cline, a British citizen. Members of the crew of the Josephine-K are pictured lower right as they were questioned by federal authorities.

## Brentwood

A meeting of the directors of the West Saanich Women's Institute took place at the home of the president, Mrs. W. O. Wallace, on Monday afternoon, when arrangements were made for the regular meeting to be held on February 10, which will take the form of a Valentine social.

The annual meeting of the Saanich Board of Trade was held at the Institute Hall on Monday evening, the president, Rev. Montague Bruce, being in the chair. A resumé of the year's activities were given by the secretary, Mr. Sladen, and also the financial report, which showed the organization to be in good financial standing. A report was also given by Capt. Babington, chairman of the fish and game committee, and an address on the bulb industry was given by W. W. Duncan, markets commissioner. The election of officers for 1931 follows: Re-elected honorary president, R. P. Butchart; president, Rev. Montague Bruce; vice-president, Capt. N. Gray; secretary, J. E. Elsdon; assistant secretary, E. Beckett; treasurer, H. A. Binky; honorary members of council, W. D. Michell, Lionel E. Taylor, Major A. Jones, W. O. Wallace, H. B. Babington, W. W. Duncan, Councillor Borden, W. G. Goddard and H. Peard. Mr. and Mrs. R. J. Parsell, Benvenuto Avenue, returned on Monday from a holiday spent in eastern Canada.

Mr. and Mrs. Watson of Esquimalt were the guests on Sunday of Mr. and Mrs. C. Atkins, Verdier Avenue.

## FOUR FACE TRIAL

Montreal, Feb. 5.—Sam Behan, twenty-eight, arrested here yesterday for alleged participation in the hold-up of two messengers of the Banque Canadienne Nationale, October 2 last, will

stand trial February 19, with Jack Miller, Morris Weisbaum and Leopold Warren, who are charged with the hold-up. When arrested, Behan was in possession of a revolver in a shoulder holster resting under his left armpit, according to police. He was identified by the two bank messengers and a woman who was injured by a bullet during the hold-up, which netted the desperadoes \$7,400.

## HATT'S Douglas Street

For the past two years Hatt's Douglas Street Store has been the bargain centre for hardware requirements. These values will enhance our reputation for value-giving.
